Anna M Th Widagdo
Director

WHO WE ARE

Jatayu Mahkota Tunggal is a fully trading integrated global-palm oil by product exporter has visualized it self as being one of the primary a suppliers of sustainable edible oil JMT aims to provide its customers with superior quality products through effective business practices such as continuous improvements to products and services

JMT is principally involved in the direct brokerage for the full range of Palm Oil products as well as other Vegoil products and derivatives including by products.

To offer clients the highest standards of trading services on a single integrated linkage hub, the Company leverages on its niche of vast contacts and rapport established over the years with the Indonesian producers, refiners, millers & dealers. This relationship enables the Company to serve consumers and traders who look to source Palm Oil, the world's most trade Vegoil

JMT presently operates in local, regional and over seas markets, serving diversified clients all over the world.

VISION

Our vision is of a world that is becoming more interconnected and affluent, with physical commodities flowing fluidly from point of origin to point of need. The company is a leading expert in palm oil by products trading, mainly PFAD, PAO, and other. It is a strategic, Indonesian trading company with a global reputation.

MISSION

- Being honest, fair and trusted business partner
- Exceeding customer expectations, whilst ensuring quality of its products
- Ensuring long-term sustainable growth and value creation for all stakeholders

VALUES

Integrity

Integrity means speaking the truth, being honest and showing a firm and unwavering commitment to strong moral principles and values. This is one of our most assets.

Quality

Quality is very important, because we will continue to provide the best of our products to each customer, so that they can obtain benefits that meet the customer's expectations

Commitment

Commitment to meeting customer needs is our top priority an ensuring product delivery meets the quality specifications our customers demand.

WHAT WE DO

In modern commodity trading, the systems you use can make all the difference the success of your company.

This is where JMT can help. JMT provides solutions to commodity trading companies from smaller start ups to some of the largest traders in the world too

Total Integrated One- Stop Services

("JMT") is able to leverage from its strategic networking alliances with traders in the origin source/supply markets to obtain the most competitive prices for customers/dealers on a regular basis. The Company's strength also lies in the comprehensive knowledge of contract administration and close network support to resolve operations problems effectively.

Customer Focused Service Philosophy

JMT Services is a company that practices a customer oriented business policy. From the moment of initial contact for trade enquiries, the emphasis maximize the entire process chain on personalised basis and rationalise the efficiencies for clients to draw out the most in value added advantages.

Strengths In Regional Brokering Solutions

JMT Services early entry into the Indonesian market (now the world's biggest Oil producer) offers positive value added price advantages to benefit clients. Company is in a strong position to source and negotiate competitive rates on of clients through an established network of producers & mill operators scatter throughout Indonesia and neighbouring Palm Oil producing regions.

OUR PRODUCTS

Our main product is CPO (Crude Palm Oil) from palm derivatives various forms of PAO or POME (Palm Acid Oil), PFAD (Palm Fatty Acid Distillate), PPKO (Processed Palm Kernel Oil), Palm Shells, Palm Sheel Cake are also processed for used for industrial applications including personal care products, animal feed, flavourings, home care goods as well as lubricants, polymers and industrial chemicals.

In running its business, JMT uses the latest processing machines and by experienced experts in their fields. To strengthen facilities and JMT has been certified nationally and internationally, so that its products can accepted worldwide. We have exported these quality products to South Korea, India, & China.

PAO

Palm Acid Oil

Palm acid oil (PAO) or known in Indonesia as Dirty Oil (MIKO), is a by product obtained from the refining of palm oil. It contains mainly of Free Fatty Acid (FFA) up to 50% and neutral oil, with 3 % moisture and other impurities. It is similar to palm fatty acid distillate but its FFA is generally lower. PAO is increasingly used for mixing in biofuel.

Property	Unit	Value
Free Fatty Acid (FFA)	%	70 Min
Moisture Impurities	%	3 Max
Saponifiable	%	95 Min

we can also produce requested specification suitable to your market.

P F A D

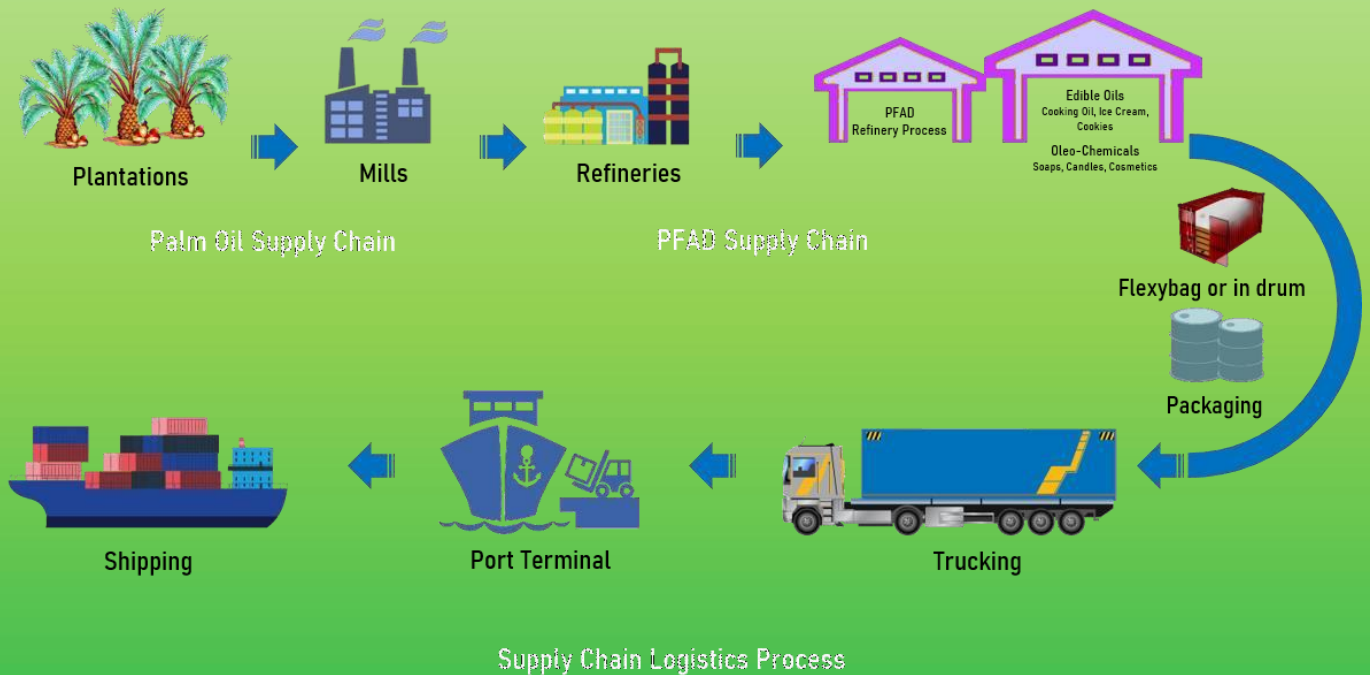

Palm Fatty Acid Distillate

Palm Fatty Acid Distillate(PFAD)is a by product of CPO refinery plant
Palm Fatty Acid Distillate (PFAD) is taken as distillate of stripping tower of Free Fatty Acid (FFA). It is a light brown solid at room temperature, melting to a brown liquid on heating. PFAD consist of palmitic acid, oleic acid and the remaining components are triglycerides, partial glycerides and unsaponifiable matters.

Property	Unit	Value
Free Fatty Acid (FFA)	%	70 Min
Moisture Impurities	%	1 Max
Saponifiable	%	95 Min

we can also produce requested specification suitable to your market.
