Introduction

PT. ERJE INDO INTERNATIONAL EXPORT
"FROM INDONESIA TO THE WORLD"

With its natural wealth, Indonesia is home to many world treasures. Commodities have many types and various benefits. The presence of PT. EIIE (Limited Company Erje Indo International Export) will connect Indonesia's wealth by increasing the degree of Indonesian farmers' products to buyers from around the world while maintaining the highest quality. The presence of PT. EIIE will also guarantee product stability and sustainability by providing a high level of professionalism.

Now we are focusing on coconut derivative products, such as coconut fibre and organic fertilizers. We are also working with the local government of Central Sulawesi, Indonesia, to support the progress of the area where the PT. EIIE office is located. Of course, in the future, PT. EIIE is committed to always improving performance by paying attention to the use of technology and education that is relevant to farmers and craftsmen effectively and efficiently.

We include this company profile for those of you who are interested in working with PT. EIIE. We prioritise trustful, sustainable, and long-term partnerships. We hope to work with you in the near future. Thank you

Our Product

PT. ERJE INDO INTERNATIONAL EXPORT
"FROM INDONESIA TO THE WORLD"

Moringa

› Specification

- 100% pure green leaves dried using machinery that meets international standards.
- No additives, preservatives, or artificial colorants.
- Retains its bright, fresh green color due to natural processing and exclusion of withered or brown leaves lacking in nutrients.
- Exudes a fresh and potent aroma of Moringa

› Benefit

- The benefits and advantages of Moringa Leaf Powder include being a natural supplement that provides a source of natural antioxidants, essential amino acids, multivitamins, and minerals. It also serves as a high-nutrition intake for the body. Empirically and scientifically, Moringa leaf powder has been proven successful in addressing malnutrition, possessing medicinal properties for various degenerative diseases, acting as an anti-cancer, anti-tumor, anti-diabetic, and anti-hypertensive agent. It helps lower bad cholesterol, aids in detoxification, acts as a heart tonic, and is even recommended for individuals living with HIV/AIDS

› Certification

1. Halal Certification. The packaging is labeled with the Halal certification for Muslim consumers.
2. BPOM Certification, (National Agency of Drug and Food Control)
3. Organic Certification.
4. ISO 22000, HACCP (Hazard Analysis and Critical Control Point)

Our Product

PT. ERJE INDO INTERNATIONAL EXPORT
"FROM INDONESIA TO THE WORLD"

Coconut Fiber

Coconut Fiber is a derivative product of coconut husk and fiber that undergoes grinding and untangling processes, resembling long hair typically in golden-yellow to brownish hues. Coconut Fiber boasts numerous benefits and finds applications in various industries, particularly in furniture production. It is an excellent choice due to its many advantages as a furniture material, being organic, robust, heat-insulating, and long-lasting in nature.
