Det er med stor stolthed at jeg kan præsentere vores 2021 listekatalog på næsten 150 sider – som altid går vi til vores opgaver med stor umage og ydmyghed, med det mål at sikre vores kunder produkter af bedste kvalitet, brugbare materialer, stærke priser og en variation der er med til at skabe god forretning for vores kunder.

Alt dette mener vi at have skabt med vores store listeprogram, som rummer alle genrer af lister til indramningsproduktion – da vi i 2018 gik ind i lister i samarbejde med vores partner Molgra i Spanien, var målet at skabe det stærkest sortiment – det er vi endnu ikke i mål med, men vi kan med sikkerhed sige at vi allerede i dag, har et absolut stærkt setup også på lister.

Udover samarbejdet med Molgra har vi udviklet vores egen Skandinaviske RÅ serie, i enestående flot kvalitet, som uden sammenligning er markedets bedste massive rå lister, der i den grad er tilpasset det skandinaviske marked.

Fremadrettet vil vi styrke vores listesortiment yderligere og arbejde hårdt for at lykkes med det.
Rigtig god fornøjelse.

SKANDINAVISK RÅ DESIGN

I gennem de sidste 2 år har vi bygget et enestående program op i vores SKANDINAVISK RÅ Design liste kollektion. Det er en serie vi meget stolte af, da denne serie er unik og fantastisk flot, samtidigt er det en serie der henvender sig til den professionelle indrammer, da det er en serie med kant.

Listerne produceres med knivskarpe kanter og fremstår super flotte, og med en dybde uden sammenligning - men der skal også arbejdes med dem, da listerne kan leveres med knast etc. deraf navnet "RÅ".

Skandinavisk RÅ DESIGN produceres i:

- ⇒ Massiv ASK
- ⇒ Massiv EG
- ⇒ Massiv RØGET EG - som er vores bestseller
- ⇒ Massiv POPPEL, afstivningsliste

Sortimentet udvides hele tiden, og har du et ønske om en speciel liste, kan vi også producere den i små mængder
