

Stadur Decor

Product Information VISCOM DECOR

Description:

The Stadur lightweight foam board VISCOM DECOR consists of a one-sided film-laminated cover layer of Stadurlon and white on the back. Alternatively, it can also be supplied with film lamination on both sides. A very large variety of more than 200 decors and embossings are available. In addition, the panel can be bent into shapes by means of V-milling.

Facings:

Consisting of stadurlon with a one-sided laminated decorative foil. The surface can be printed on excellently and used creatively in high-quality interior and exterior applications. By milling out (V-groove or slot-groove) the covering material permits to be folded by hand simply to geometrical forms.

Properties:

- Very rigid
- High level of flatness and dimensional stability
- Suitable for indoor as well as outdoor applications
- Weather resistance
- Dual sided and flush-mounted protective film
- Excellent scratch resistance
- Usable for cutting and milling

Thicknesses: 6 mm / 10 mm / 15 mm / 19 mm

* other thicknesses up to 100 mm are possible

Size: 1300 x 3050 mm

Special elements:

Other thicknesses up to 100 mm are also available as single sheets. Other formats and fixed formats are available on request.

Weight:

Thickness	6 mm	10 mm	15 mm	19 mm
Weight kg/m ²	4.02	4.13	4.20	4.33

Further weights on request

Advantages at a Glance:

Very rigid, high flatness, dimensionally stable, printable in direct digital printing, indoor and outdoor use, weather resistance, moisture resistance, dual sided and flush-mounted protective film, high scratch resistance, can be milled and cut, after milling (V-groove) can be easily edged by hand, after milling (slot-groove) different geometric shapes can be produced, large selection of over 200 decorative films and embossings.

Areas of Application:

Digital printing, screen printing, PoS/PoP, signs indoor/outdoor application, display, exhibition stand construction, store fitting, store design, event marketing, promotion campaigns, furniture construction, column cladding
