## Nature Tag

Bonaire is surrounded by a nature park, the Bonaire National Marine Park, which is maintained by Stinapa. Residents, children under the age of 12 and passengers of Cruise ships can make free use of this. Nonresidents over the age of 12 pay for the use of the marine park, including swimming and snorkeling, USD 25,- per person. Make sure you have your 'Nature Tag' with you to show when checked.

## Right of way?

Our boats are small vessels which must always give way to large vessels longer than 20 meters. This includes cargo, fishermen and passenger ships, tugs and sailing boats. Just like on the road, on the water, traffic from the right has right of way. We strongly recommend that you never claim the right of way and always give way to another vessel.

## Other rules:

- You are not allowed to sail in or through the anchorage area of the sailing, motor and fishing boats between Karels water sports and harbor Village Marina.
- Avoid standing still on sailing routes, ensure enough view and always look around you.
- Limit noise pollution.
- Swimming in a sailing route is not allowed.
- The driver must sail alcohol-free, the maximum permitted per mille is 0.5. This is sometimes checked, and the fines are serious.
- Do not suddenly change course, do not sail close to fishing lines or fishing nets, do not go too close to or over the reef/coral. Stay in the dark blue water.
- Do not use fragile items such as glass cups and porcelan on board.
- On return, hand in the keys of the boat to the office or the employee on duty and give the employee time to check the boat (life jackets, damage, cleaning, etc.).
