Phonics

This week we are going to focus on the 'oa' family pattern and look at some tricky words. These activities follow a similar pattern based on the week before Easter. Use the practical elements or create your own to make the word bank then create a sentence challenge to practise reading and writing. Repeat the below 'oa' examples with the tricky word- 'when'

Can you make some words out of lego or construction with tricky word 'when' or the 'oa' sound in them such as boat?

Speed write- Go outside with a paint brush and water or chalk and set a timer- how many times can you write 'when' or 'oa' words can you write in 1 minute?

Choose a favourite book and be a digraph spotter! How many 'oa' words did you find? How many times did you find 'when'.

Now with the 'oa' words you have made, wrote and read think of a silly sentence to put them in. For example "The boat floats in the sea." Can you extend these sentences but using conjunctions such as 'and' or 'because'. For example "When the boat floats in the sea and sees a goat it lands in the moat." Don't forget capital letters and full stops and include the tricky word if possible!

Fluency - Doubling

Doubling is when you have two lots of the same number or two of the same number added together. For double 3 it be could be $3 \times 2 = 6$ or $3 + 3 = 6$.

Remember to use objects at home to help you work it out.

Double 8 = ____

Double 10 = ____

Double 6 = ____

Double 5 = ____

Double 4 = ____

Double 2 = ____

Double 7 = ____

Double 9 = ____
