

Shadows during the Day

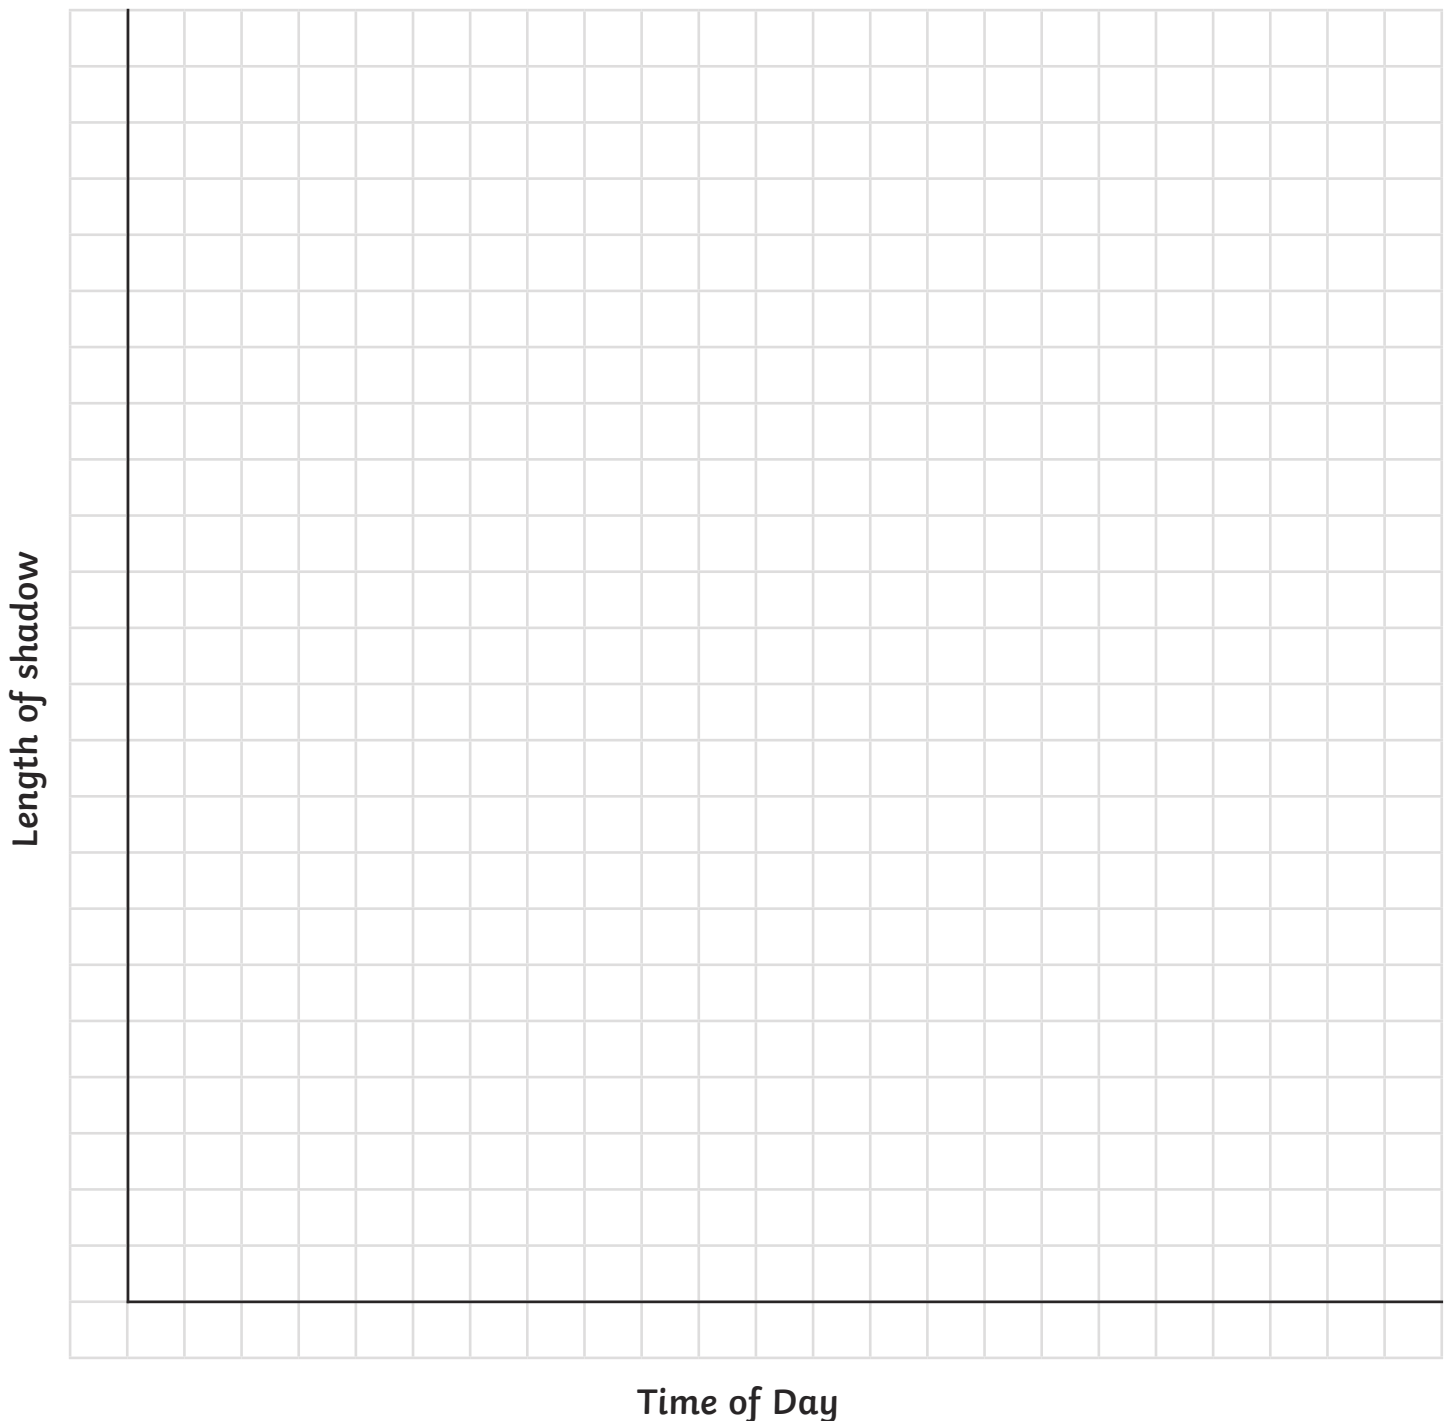

Prediction

I think that the shadows will get longer/shorter (circle your answer).

I think this because _____

Results

Draw a table showing how the shadows changed throughout the day.

Shadows during the Day

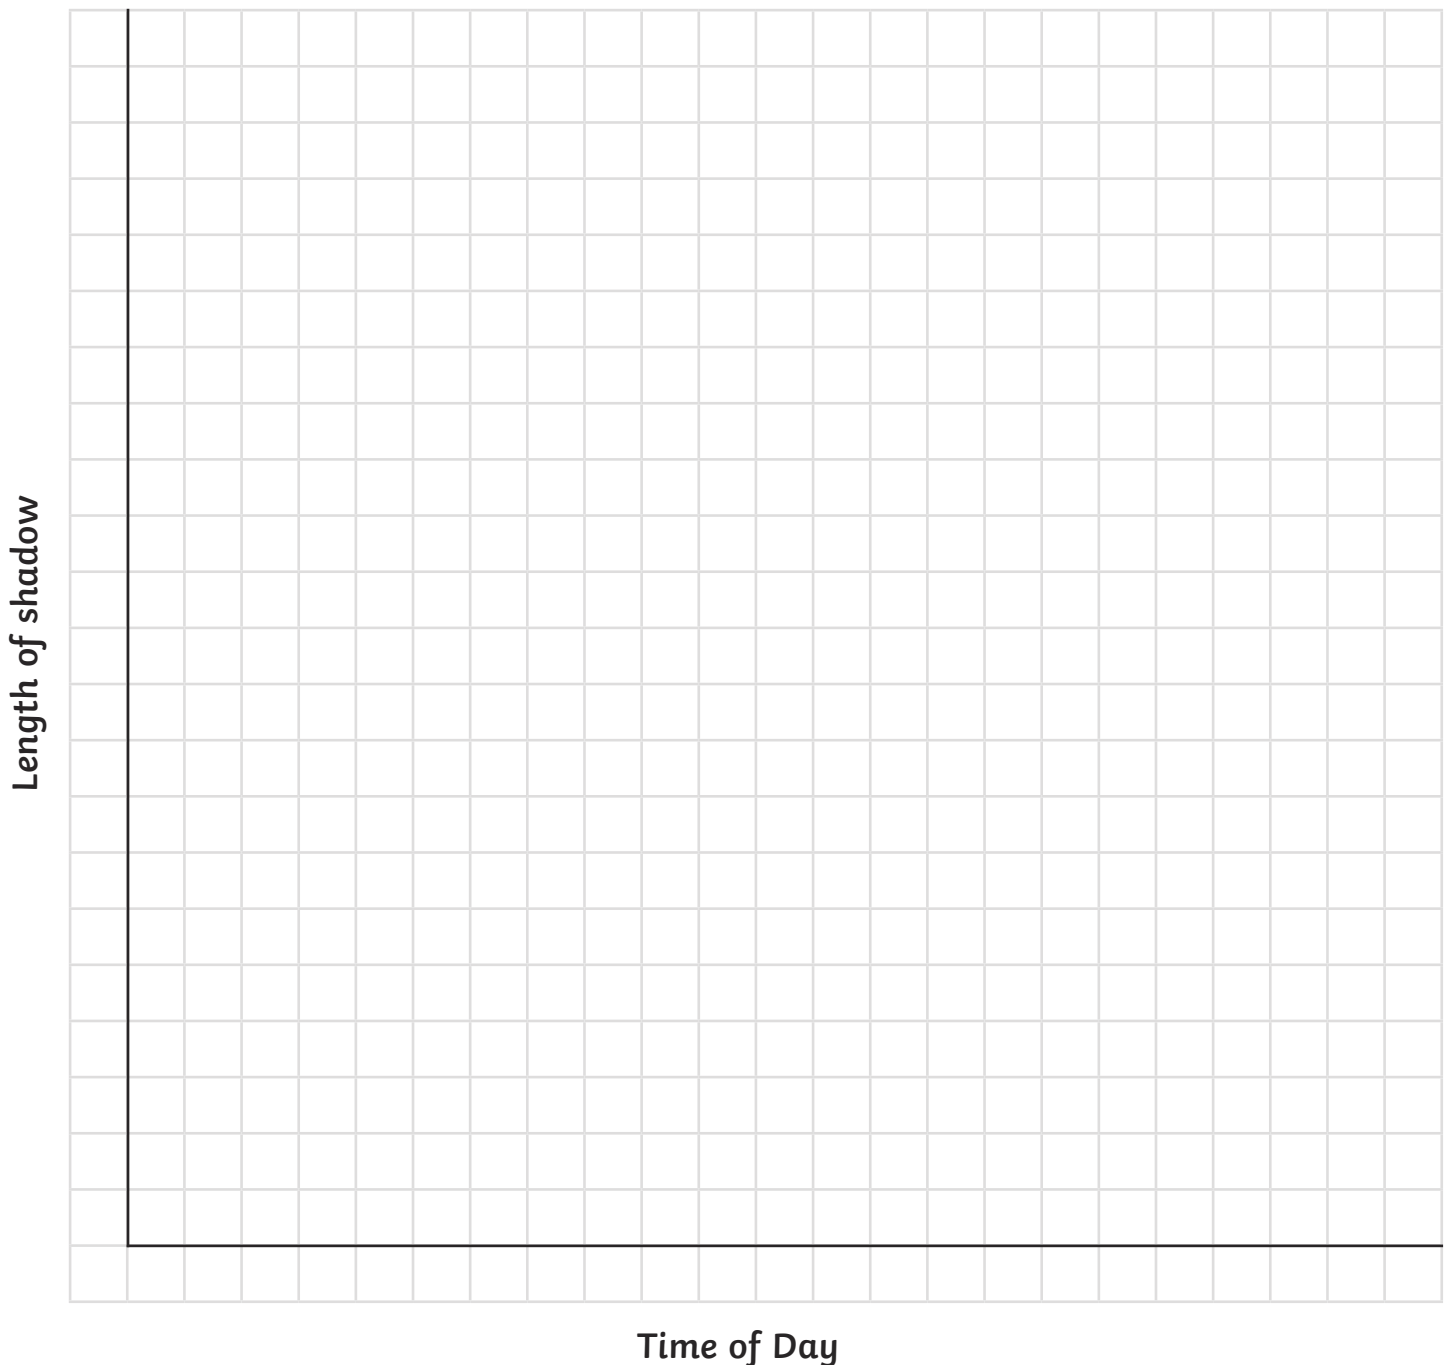

Prediction

During the day, I think that the shadows will _____

I think this because _____

Results

Draw a table showing how the shadows changed throughout the day. Give your table a title.

Shadows during the Day

Prediction

Explain what you think will happen to the shadows during the day. Give a reason for your prediction.

Results

Draw a table showing how the shadows changed throughout the day. Give your table a title and label each axis.

A large grid for drawing a table. The grid is 20 columns wide and 20 rows high. A thick black line forms a frame around the grid, with a vertical line on the left and a horizontal line at the bottom, creating a space for a table.
