

May Holiday activities Year 2

Please feel free to try some of these optional activities over the holiday, if you would like to.

****Highlighted yellow are the documents that I will upload on to the Class Dojo Page along with this activity sheet.**

<p style="text-align: center;">Paint tool design</p> <p>Use Purple Mash to design and create a coastal scene using the paint tools.</p>  <p>The image shows a grid of 18 different painting tools in Purple Mash, including Simple, Spinner, Pattern, Slice, Abc, Belt, Wwt paint, Ink, Lines, Pointillism, Poly-mosaic, Splash, Swirly, Impressionism, Acrylic, Poster paint, and Collage. There are also 'OK' and 'Cancel' buttons.</p>	<p style="text-align: center;">DT Den build</p> <p>Build a den or shelter to provide shade for yourself. This could be inside with sheets, pillows and chairs, in a forest on a walk or in your garden. I'd love to see the photos.</p>	<p style="text-align: center;">Reading comprehension task</p> <p>Attached to the Class Dojo Class story will be two reading comprehensions (Beach habitats and Sunflower lifecycles.) You will see that they are the same text in 3 different levels of reading challenge. 3 stars is the most difficult and should be aimed for. Select the article level for your child and use the accompanying questions to complete the task (answers sheets are attached for Parents). This document is best uploaded on a laptop, PC or tablet.</p>
<p style="text-align: center;">Grammar work out</p> <p>Please see attached the grammar activity. Common exception word search puzzle.</p>	<p style="text-align: center;">Maths Multiplication and division booklet</p> <p>Please see uploaded booklet with revision of the commutative law, arrays and division. There is a timed exercise with times tables. It would be great to know how many you can answer in 60 seconds. Keep practising to improve your score.</p>	<p style="text-align: center;">Mindful/Science/Exercise/Computing</p> <p>Now that we are allowed unlimited exercise and a picnic in a park or beach, whilst maintaining social distancing, you could design a picnic menu and make it for your family. If you have access to a camera phone, tablet, Ipad or camera, you could take photos of where you have been and edit them with a grown - up, by using the cropping tool. I would love to see your photos on the Class Dojo or by e-mail sent to emacdonald@kingsway.gloucs.sch.uk</p>
