

My Kingsway amenity Plan

My new amenity would be _____

It would be suitable for _____

I choose this amenity because _____

This is my design: (Think about where would it go in Kingsway, how big would it be? What materials would you need to make it in real life, would it be free for everyone or would you have to pay? How much? Don't forget to label your design with details.)

This is a list of the materials I would need to make my prototype: (Model at home) Once you have collected the things you need to make your model you can build it then complete the second sheet AFTER you have finished.

My Kingsway amenity Plan

My Final design! (Pop a photo of your model in here –or upload to Tapestry/Class Dojo or draw it.)

My evaluation:

I like my design and model because _____
_____.

When making my model the things that worked well were _____
_____.

The things that didn't work so well were _____
I think this was because _____.

Next time I would change _____
_____.

Give your model a rating out of 5 stars!
