

Hello Year 3s!

We hope you enjoyed your home learning last week. Thank you for sending us your work! It is lovely to see what you are getting up to. Here are a few more activities to keep you busy at home. As always, you might need a bit of help from someone at home to get started with each one, but you'll soon pick it up. Please let your teachers know what you have been getting up to by posting your work onto Class Dojo Portfolio.

Miss Anderson and Mrs Deas

Writing	Last week we asked you to research and write a biography...this week we would like you to write an autobiography - the story of <i>your</i> life so far. We have included a short example of an autobiography a planning sheet and a 'Don't Forget to include....' helpful hints.
Maths	Try this game....6 for Two.....a strategy game similar to 4 in a Row. Can Do Maths is also available....Multiplication and Division practice.
Science	Let's continue with the series of lessons on Flowering Plants- our Science if we had been in school! Lesson 3 is all about the parts and function of a flower. You will find it much easier if you have a flower to take to pieces as you go through the lesson..... roses and poppies are excellent for this. https://classroom.thenational.academy/lessons/plants-what-are-the-parts-and-functions-of-a-flower

PSHE	And finally, some Mindfulness! The WWT have produced some lovely pictures designed to calm and relax you. There are 4 in the series...all the same view but in different seasons. Enjoy! https://www.wwt.org.uk/uploads/documents/2020-04-22/wwt-colouring-sheets-older-children.pdf
