Booklet

Design and Make a Model Volcano!

Evaluation of existing products

Look at the images of existing products and the materials they were made from. For each write about what you like about it and what might be a problem.

1) Paper Mache

What I like about it is:

What I don't like about it is:

2) Clay

What I like about it is:

What I don't like about it is:

3) Plastercine

What I like about it is:

What I don't like about it is:

4) Plaster of Paris

What I like about it is:

What I don't like about it is:

My Design

Draw and label your model volcano design. What will it look like? What will it be made from?

What I will need:

- _____
- _____
- _____
- _____

What I will do:

My Evaluation

Stick a photo of your model here:

What I like about my model:

What went well while making my model:

What I would do differently next time to make it even better:
