

WALT 'I can order and compare numbers'

Do it

Use the symbols ($<$ $>$ $=$) to between the two numbers.

1 098 823 1 097 945

1 355 823 1 355 823

7 215 703 7 214 704

5 411 522 5 411 529

Secure it!

Colin thinks he has put these in ascending order – do you agree? Explain your answer.

1. 7676, 7667, 6766, 6676, 6576, 6812
2. 8264, 60247, 6824, 8624, 40012, 439
3. 45612, 5612, 44562, 5126, 4545, 45432

Deepen it

2. Two football team are comparing the number of fans who attended their stadium last season. The attendance at Emirates was 1 670 234 fans. The attendance at Old Trafford was 1 680 234 fans.

Which team had more fans at their stadium? Explain why.
