

PE

- Athletics
- Invasion games
- Multi-skills

Science

In science, we will be looking at plants and growth covering the following areas:

- Naming different common and wild plants including evergreen and deciduous trees
- Identifying the structure of different types of plants
- Exploring how plants grow
- Exploring how plants change during the different seasons

RE

Our theme in RE this term is:
Creation
Caring for others

Music

In music, the children will be learning a range of songs related to growing and using instruments to compose sound effects to stories. They will explore how music can be written down using symbols.

Maths

This term the children will develop their understanding of addition and subtraction and will be adding and subtracting numbers within 20. We will then move onto time and measurement and focus on telling the time to the hour and half past the hour.

Through their topic work they will also:

- Explore weight, capacity, time and length through a range of practical activities.
- Solving money problems in the classroom including the role-play areas.
- Solving word problems.

Blooming Marvellous! Summer 2021 Year One

Art:

The children will continue to develop their drawing and painting skills as well as learning about colour and texture through:

- Collage
- Printing
- Observational drawing
- Landscape drawing
- Looking at the work of artists and illustrators.

PSHE

- Understanding healthy lifestyles
- Looking after and caring for plants and animals
- Naming body parts and relationships

DT

The children will continue to have access to a range of DT activities including sewing, joining and cooking.

English

Children will continue to develop their reading and writing skills through:

- A range of different stories including Beatrix Potter favourites and traditional tales.
- Poetry
- Non-chronological reports and fact files

Computing:

Children will continue to develop their understanding of how technology is used by:

- Coding using *beebots* and apps
- Internet safety
- Lego Builders (Purple Mash)

Geography

In geography we will be learning about:

- Exploring the features of our local area
- Exploring maps of real and imaginary places
- Naming the four countries in the UK and the capital cities

History:

The children will learn about the life of Florence Nightingale and other key health professionals throughout time. They will compare similarities and differences between nurses of today and in the past.
