

Kingsway Primary School Y6 Swimming Data 2020-21

	Number of children who can swim competently, confidently and proficiently over a distance of 25 metres	Number of children who can use a range of strokes effectively	Number of children who can perform safe self-rescue in different water based situations
Number of children in cohort 58	(14) 24%	(7) 12% with breast stroke (14) 24% without breast stroke	(12)21 %

Unfortunately, some parents chose not to send their children to the swimming lessons, therefore could not be assessed at the National Curriculum requirements – the results may have been different in other circumstances. COVID-19 had a big impact in achievement and time available to give children access to lessons. Progress was being made but not enough time to reach the expected standards. The data clear reflects the impact.
