

Dear parents and carers

As you may be aware, we recently asked for your help by completing a short survey so that we, as KPS governors, could further support Mr Pajak and the fantastic staff team.

On behalf of the governors, school leadership team, and staff, I would like to offer my heartfelt thanks to everyone who took the time out to give us the valuable feedback we received.

I am delighted to say that overall, the responses were very positive, and the comments were a joy to read. We are incredibly proud that 96% of responses said they would recommend the school to another parent. That is above the national average of 84%, the South West's 86%, and is considerably higher than the 88% of Gloucestershire schools whose parents answered yes in Ofsted surveys in the past year.

We were so proud to receive so many positive comments about the school including:

"My daughter is thriving at school, and the communication between myself and the teachers are fantastic."

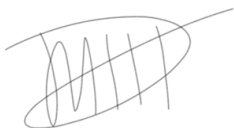

"My child has huge anxieties around school but these are really sensitively handled and supported by her class teachers and pastoral team."

"I am so pleased I picked Kingsway Primary School for my little boy."

As always, we were pleased to receive feedback about how we can improve even further and we welcome opportunities to make the school the best it can be for everyone involved. We want you to know that we hear you, and we will work on all the points raised to build a robust action plan that will be shared in due course so that the whole KPS team can continue to improve for all connected with Kingsway.

Once again, thank you for your continued support

Kind regards

The Governing Board of Kingsway Primary School
