Being a parent or carer is one of the most important jobs there is - it is also one of the hardest. Parents are the key to giving children a happy and stable childhood.

Every family is unique with its own combination of strengths and weaknesses. Any family can get overwhelmed by what seems like endless challenge when it comes to juggling money, school and each other's needs. And sometimes families are disrupted by a change in circumstance such as a mental or physical illness, a job loss, or an addiction. Even "joyful" events such as a wedding or a new job can bring unexpected problems.

1. What is Early Help?

The purpose of early help is to prevent issues and problems becoming serious and harmful to a child or young person, their family and community. When children and families need this extra support, they often need it quickly. Provision of early help support can be at all stages of a child's life: pre-birth, during pregnancy, childhood or adolescence.

2. What does Early Help include?

Support for pupils which includes:

- Promoting good attendance and punctuality.
- Promoting self-esteem and confidence.
- Promoting positive behaviour and positive attitudes to learning.
- Providing individualised support.

Support for families which includes:

- Providing information and signposting to other services in the local area.
- Liaising with a range of external services such as housing and Family Support Workers.

- Assistance in completing paperwork and forms e.g. housing, foodbank vouchers, attendance and support at school and other agency meetings.
- Advice and support in promoting positive behaviour at home.
- Guidance with career and personal development and access to training and workshops in school.

3. Who provides Early Help support in school?

The answer is any member of staff; usually, the class teacher in the first instance as they have most contact with the children. All staff receive safeguarding training to ensure that advice given is in the best interests of keeping children safe. The school telephone number is 01452 881800. The response will vary according to the age of the young person so that the appropriate agencies are involved. Operation Encompass - following any domestic abuse incident being reported to the police, the Police will contact one of the Education Researchers within the Gloucestershire MASH, who will then on behalf of the police communicate relevant, necessary and proportionate information to nominated school staff. E-safety is an important aspect of the curriculum to keep pupils safe from radicalisation. They need to be taught to be discerning about what they read on the internet as the dangers of speaking to strangers online. Kingsway Primary School also seeks to equip parents with the knowledge of how to safeguard their children from radicalisation. 'Let's talk about it' is an excellent website for parents www.ltai.info While it remains very rare for school age children to become involved in extremist activity to the point of committing criminal acts, young people can be exposed to extremist influences or prejudiced views, including via the internet, from an early age. Children Missing Education (CME) refers to 'any child of compulsory school age who is not registered at any formally approved education activity e.g. school, alternative provision, elective home education, and has been out of education provision for at least 4 weeks'. CME also includes those children who are missing (family whereabouts unknown), and are usually children who are registered on a school roll / alternative provision. This might be a child who is not at their last known address and either: has not taken up an allocated school place as expected, or has 10 or more days of continuous absence from school without explanation, or left school suddenly and the destination is unknown. It is the responsibility of the Education Entitlement and Inclusion team, on behalf of the Local Authority (LA), to: Collate information on all reported cases of CME of statutory school aged children in Gloucestershire maintained schools, academies, free schools, alternative provision academies and Alternative Provision Schools (APS). The EEI Team will also liaise with partner agencies and other LAs and schools across Britain to track pupils who may be missing education and ensure each child missing education is offered full time education within 2 weeks of the date the LA was informed.</p>
Sending of nude and semi-nude pictures	<p>https://www.childline.org.uk/info-advice/bullying-abuse-safety/online-mobile-safety/sexting/zipit-app/ (NSPCC website). Gloucestershire Police have a small sexual exploitation team. Prevention: 'So you got naked online' (sexting information leaflet produced for pupils by South-West Grid for Learning) can be included in the curriculum. Also, can be shared with parents. Pupils can be informed that sexting is illegal, but the police have stated that young people should be treated as victims in the first place and not usually face prosecution. The police's priority is those who profit from sexual images of young people, not the victims.</p>
