Aims

The aim of this policy is to outline what Kingsway Primary School will do to prevent and tackle bullying and hate. We are committed to developing an anti-bullying culture whereby no bullying or hatred will be tolerated, including between adults or adults and children and young people.

At KPS the school community aims to:

- Discuss, monitor and review the anti-bullying/anti-hate policy and practice on a regular basis.
- Support all staff to promote positive relationships to prevent bullying/hate.
- Intervene by identifying and tackling bullying/hate behaviour appropriately and promptly.
- Ensure that pupils are aware that all bullying/hate concerns will be dealt with sensitively and effectively; that pupils feel safe to learn; and that pupils abide by the anti-bullying/anti-hate policy.
- Report back to parents/carers regarding their concerns on bullying/hate and to deal promptly with complaints.
- Encourage parents/carers to work with the school to uphold the anti-bullying/anti-hate policy.
- Learn from good anti-bullying/anti-hate practice elsewhere and utilise support from external agencies and other relevant organisations when appropriate.
- Uphold fundamental British Values as defined by DfE.

Definitions of Bullying and Hate

Definition of Bullying:

- Bullying can be defined as ‘behaviour by an individual or a group, repeated over time that intentionally hurts another individual either physically or emotionally’. DfE ‘Preventing and Tackling Bullying’
- Bullying can include physical and emotional abuse such as name calling, taunting, mocking, making offensive comments, kicking, hitting, taking belongings, producing offensive graffiti, gossiping, peer isolation (e.g. excluding people from groups) and spreading hurtful and untruthful rumours.
- The same unacceptable behaviours can be expressed online; this is sometimes called online bullying or cyberbullying. Specifically, this can include sending offensive, upsetting and

inappropriate messages by phone, text, instant messenger, through gaming, websites, social media sites and apps, and sending offensive or degrading photos or videos.

- At Kingsway Primary School we recognise that bullying can be emotionally abusive and can cause severe and adverse effects on children's emotional development.
- Bullying is recognised by Kingsway Primary School as being a form of child on child abuse; children can abuse other children.
 - Abuse is abuse and it should never be tolerated or passed off as "banter", "just having a laugh" or "part of growing up".
 - We recognise that even if there are no reports of bullying, it does not mean it is not happening and it may be the case that it is just not being reported.
 - All victims will be taken seriously and offered appropriate support, regardless of where the abuse takes place.

Definition of Hate:

- Hate in the context of behaviour and attitude has been defined as: "Acts of violence, hostility and intimidation directed towards people because of their identity or perceived difference" (Chakraborti, Garland and Hardy 2014:6)

Forms of bullying/hate covered by this policy:

Bullying/hate can happen to anyone. This policy covers all types of bullying/hate including:

- Bullying/hate related to race, religion or culture.
- Bullying related to physical appearance.
- Bullying/hate related to SEND (Special Educational Needs or Disability).
- Bullying/hate related to physical/mental health conditions.
- Bullying/hate related to sexual orientation (homophobic bullying).
- Bullying/hate of young carers, children in care or otherwise related to home circumstances.
- Gender-based bullying including transphobia.
- Bullying/hate via technology - "cyberbullying".
- Physical bullying.
- Emotional bullying.
- Sexualised bullying/harassment.

Our school ethos

At Kingsway Primary School we recognise that all forms of bullying, especially if left unaddressed, can have a devastating effect on individuals; it can create a barrier to learning and have serious consequences for mental wellbeing.

By effectively preventing and tackling bullying our school can help to create a safe and disciplined environment, where pupils are able to learn and fulfil their potential.

Our Community:

The school will:

- Create and support an inclusive environment which promotes a culture of mutual respect, consideration and care for others which will be upheld by all.
- Work with staff and external agencies to identify all forms of prejudice-driven bullying/hate including responding to peer on peer abuse.
- Actively provide systematic opportunities to develop pupils' social and emotional skills, including their resilience.

- Provide a range of approaches for pupils, staff and parents/carers to access support and report concerns.
- Challenge practice which does not uphold the values of tolerance, non-discrimination and respect towards others.
- Consider all opportunities for addressing bullying/hate in all forms throughout the curriculum and supported with a range of approaches such as through displays, assemblies, peer support and the school council.
- Teach children about how to behave appropriately towards others when working online as part of the computing curriculum. Children will also be taught about how to report and respond to cyberbullying. Where specific concerns arise, additional support will be brought in from external sources (e.g. PCSO) to help tackle this.
- Continually discuss children's online behaviours with them and be aware of the online platforms children are engaging in; challenge children and parents on any inappropriate online behaviour that they become aware of.
- Train all staff including teaching staff, support staff (including administration, lunchtime support and site staff) to identify all forms of bullying/hate and to follow the school policy and procedures (including recording and reporting incidents).
- Proactively gather and record concerns and intelligence about bullying/hate incidents and issues so as to effectively develop strategies to prevent bullying/hate from occurring.
- Actively create 'safe spaces' for vulnerable children and young people.
- Use a variety of techniques to resolve the issues between those who bully/express hate and those who have been bullied/victims of hate abuse.
- Work with other agencies and the wider school community to prevent and tackle concerns.
- Celebrate success and achievements to promote and build a positive school ethos.

To involve pupils, the school will:

- Regularly canvas children and young people's views on the extent and nature of bullying/hate.
- Ensure that all pupils know how to express worries and anxieties about bullying/hate and who they can report their concerns to.
- Ensure that all pupils are aware of the range of sanctions which may be applied against those engaging in bullying/hate.
- Involve pupils in anti-bullying campaigns in schools and embedded messages in the wider school curriculum.
- Publicise the details of help lines and websites.
- Offer support to pupils who have been bullied/victims of hate and to those who are bullying in order to address the problems they have.
- Educate children on the issues surrounding bullying both in person and online.
- Educate children on understanding and celebrating differences between members of the school community in order to promote tolerance of others.

To liaise with parents and carers, the school will:

- Make sure that key information (including policies and named points of contact) about bullying/hate is available to parents/carers.
- Ensure that all parents/carers know who to contact if they are worried about bullying/hate.
- Ensure all parents/carers know about our complaints procedure and how to use it effectively.
- Ensure all parents/carers know where to access independent advice about bullying/hate.
- Work with all parents/carers and the local community to address issues beyond the school gates that give rise to bullying/hate, where such involvement is reasonable.

- Ensure that parents work with the school to role model positive behaviour for pupils, both on and offline.

Responding to bullying/hate concerns

The following steps will be taken when dealing with incidents:

- If bullying/hate is suspected or reported, the incident will be dealt with immediately by the member of staff who has been approached in collaboration with a member of the SLT.
- A clear and precise account of the incident will be recorded on CPOMs tagged as 'bullying incident', 'racist incident' and/or 'hate incident' and reported to the head teacher.
- The head teacher will ensure that interviews are conducted with all concerned and written accounts are taken. These will be logged as actions on CPOMs.
- Teaching staff of children involved will be kept informed throughout the process.
- When responding to cyberbullying concerns the school will take all available steps to identify the bully, including identifying and interviewing possible witnesses, and contacting the police, if necessary. Parents will be encouraged to screenshot any abusive messages and send them to the headteacher.
- Where the bullying/hate takes place outside of the school site then the school will ensure that the concern is investigated and that appropriate action is taken in accordance with the school's behaviour policy.
- Parents/carers of all parties involved will be kept informed.
- Sanctions will be used as appropriate and in consultation with all parties concerned and in line with the school behaviour policy.
- Staff involved should consider whether the allegation meets the thresholds of 'child on child' abuse and, if necessary and appropriate, the police or other local services should be consulted. Staff should refer to the school's Child Protection and Safeguarding policy for more information on this.
