

Year 2

Summer Term 2024

Welcome back to the Summer term! We hope you all had a lovely, restful break and you're ready for an exciting term ahead.

This term our theme is "**Amazing Inventors**". This theme will see us step back through history to see the work of some significant inventors including Alexander Graham Bell and Edward Jenner whose inventive creations have helped shape technology in modern day life.

We are really excited about this theme, which gives us an opportunity for some really creative art and DT work. We will be using a great range of stories and non-fiction texts, to support our theme.

Teacher contact details:

Mrs Macdonald

emacdonald@kingsway.gloucs.sch.uk

Miss Fenton— cfenton@kingsway.gloucs.sch.uk

Please remember you can contact us via email or Class Dojo.

General Reminders

Please ensure your child comes to school with a labelled water bottle each day.

As it is now the Summer term, with warmer weather, please also ensure your child comes to school with a sunhat if needed. On hotter days, please make sure that they have had suncream applied before coming to school.

Reading at home

Reading is the most important skill children will learn at school and, even though your child may be developing some fluency in their reading, reading at home makes such a difference to children's learning. Children will be encouraged to change their books whenever they need to.

Many thanks for your continued support and encouragement with your child's educational journey.

PE days

PE is an important aspect of a healthy lifestyle and we aim for our pupils to lead active lifestyles, to develop a healthy and happy mind and body. All children are required to participate in 2 hours of PE each week.

PE kits are to be kept in school on your child's peg. As we will be outside, a pair of trainers and a spare pair of socks are a good idea.

Wednesday—Athletics
Thursday —Cricket

Times tables

Your child was issued with a Numbots login which was stuck in their reading diaries to help them practice addition and subtraction. They also have access to Timetable Rockstars, to help support their learning of the 2's, 5's and 10 times tables.
