

# MENTORSHIP EVALUATION

*As you reach the end of your mentorship, we invite you to complete a final evaluation. Each of you can fill out your own version beforehand, and then use your meeting to share reflections, look back on your progress, and discuss next steps moving forward.*

**What have we accomplished together?**

**What goals have we achieved, short-term and long-term?**

**What have been the three most important learnings?**

**What has made our collaboration work well?**

**What challenges have we experienced?**

**What is the action plan moving forward to support mentee in achieving their goals?**

**How will we stay in touch, and what other sources of support can be used?**
