SPECIFICATIONS

WALL PROTECTOR WITH CHEVRON.

DESCRIPTION:

Our Premium Wall Protectors are of high-density, made from impact resistant rubber to protect walls from cars, trolleys, forklifts and other vehicles from impact.

This wall protector benefits from a high quality, incredibly durable reflective strip which makes for unrivalled visibility.

Features:

- **Manufactured from high impact, heavy duty rubber**
- **Contrasting reflective black and yellow colours make for excellent visibility, even in dark/poorly lit areas**
- **Very easy to install with pre drilled holes**
- **Can be used for permanent or temporary installations**
- **Long lasting and cost efficient**
- **Maintenance free**

Applications:

- **Commercial car parks**
- **Loading dock**
- **Storage spaces**
- **Interior factory**
- **Warehouse walls**
- **Sports areas**

Weight: 1kg
