

RC: 1407081

**Eton SAFETY
EQUIPMENT**

SPECIFICATIONS

PLASTIC NO PARKING CONE SIGN.

DESCRIPTION:

Made from durable plastic

Bright colored cone with no parking printed on all 4 sides

Lightweight and stack-able

Ideal for marking hazardous areas and can be used in conjunction with plastic safety chain for blocking off larger areas

Size: 900mm height

Cone weight ring included: Helps to improve the strength and stability of cones

Use to add even more ballast to your Cone

The weight ring is for use in windy environments, such as at airports, docks and in exposed areas
