Introduction

What Is Vision International Education Network?

Vision International Education Network is a name used to summarize the various activities of our two corporations, Vision International Network of Ministries, Inc. and Vision International Educational Services, Inc. Our purpose is to develop and implement tools for equipping leaders to train and strengthen the body of Christ for effective service.

How Are the Seminars Conducted?

Each seminar is approximately eight to ten hours long and may be given in one day, over several evenings or in evening and day sessions. The workbooks and textbooks will cost approximately \$25.00 per person and are available directly from the teacher or through Vision Publishing.

The Subject Matter

The seminars are designed to build depth, commitment and strength into believers, restoring and equipping them for further study and ministry. Dr. DeKoven is a

gifted and anointed speaker, sensitive to the needs of the local church, making plain the "meat" of God's Word. New Christians as well as "seasoned veterans" can benefit from the contents of these seminars.

The Teaching Format

The seminars utilize a format that is a mixture of lecturing, case studies, practical assignments, and student participation through professionally designed workbooks. The learning environment is enhanced by the humor and positive spirit of the instructor, making it an effective and enjoyable experience. All instruction includes PowerPoint presentations to enhance the learning process.

Material Utilized

The subject is presented in a systematic fashion to insure a balanced view of the material. The highlights are presented, and through the book and the workbook the individual student makes deeper study.

The Results

Rather than just giving information, a discipleship emphasis is provided in each seminar. The "Hows" of ministry are presented to give practical help to each

student so that the student can make personal application of the teaching from the start.

Seminar Benefits

A well thought-out seminar program will help retain the interest of church members, motivating them to go on to a deeper walk with the Lord. Seminars will result in a greater zeal and a deeper commitment to God. They can result in more compassion for others and the ability to impact others' lives. Finally, University credit can be earned though Vision International University in a relatively compacted time frame.

Listing of Seminars and Workshops

The following is a list of Seminars and Workshops with a short description of each. Most of the seminars taught by Dr. DeKoven correspond with a book he has written, or one by Dr. Ken Chant.

An alphabetical listing of the seminars can be found in the Index at the end of this catalog. The numbers by the course offerings relate to the Vision International University catalog.

As we continue in the early part of this millennium, the church must again revisit church history and biblical record to discover biblical patterns for church growth and development. Peter Wagner as the New Apostolic Reformation.

Theology Department

Basic Doctrines

New Beginnings: A Sure Foundation -- RS 101

In the New Testament, when a Hebrew was born again, his faith was built on a strong foundation of the law and the prophets. When the Gentiles were saved, they did not have the same strong foundation. The Kingdom, the Power, the Glory -- RS 111

The "Gospel of the kingdom" shall be preached in all the world before the return of the Lord Jesus Christ (Matthew 24:14). Understanding of kingdom principles is necessary if one is to

spread the Gospel of the kingdom. This course focuses on pattern and principles of kingdom living applicable to life and ministry.

Faith Dynamics -- RS 209

Without faith, it is impossible to please God. Faith is the divine substance in and through which Christians must operate. This seminar will help the student to understand, develop and utilize his/her faith for the kingdom of heaven.

Mountain Movers: Faith Dynamics II - RS 317

This is a continuation of the studies in the dynamics of faith.

Charismata: Equipped to Serve -- RS 217

In this study of the theology of the Holy Spirit, the instructor will lead the participants into an understanding of the complete ministry of the Holy Spirit in the individual Christian's life. Emphasis will be placed on how to allow the

Holy Spirit to move in one's life through His various gifts.

Church Government

The Ministry Gifts: Apostles, Prophets, Evangelists, Pastors, and Teachers -- RS 211

Strategic Church Administration -- RS 304

Strategic planning and church administration are two of the weakest areas of ministry found in local churches; yet they are necessary for successful church development. Principles biblical and practical are provided in this informative and dynamic seminar

When the Trumpet Sounds -- RS 208

A seminar dealing with the end times and with such topics as the rapture of the church, the revelation of the anti-Christ and the final revelation of Jesus Christ, King of Kings and Lord of Lords.

Discovery: Finding God's Will—RS 307

Finding, knowing and flowing in God's will is more a process and journey than an event. The joy of the journey is discovered and various theories are reviewed in light of God's word.

From a Father's Heart: Principles of Wisdom for Youth

The transition from High school to adulthood is difficult for many youth, and parental guidance is needed. Unfortunately, many mothers and fathers have difficulty communicating to their children the promises and pitfalls they may face when entering the next phase of life. With wit and wisdom, this seminar presents the how's and how not's of this dynamic transition.

How to Plan a Seminar

The Seminar Itself

Decide on which seminar would best meet the needs of the local church in coordination with the VISION director. Contact Vision to check possible dates and the availability of the instructor.

Select the individual in the local church who will serve as Chairman and Coordinator of the seminar and someone to serve as Registrar.

After the date, time, and teacher have been agreed upon, plan your advertising strategy. Camera ready flyers, newspaper ads, etc. will be furnished by Vision.

At least one month before the seminar:

- Place ads in the newspaper and begin advertising in the church bulletin.
- Mail out flyers to all the churches in the area.
- Organize a telephone squad to call as many churches and individual Christians as possible. This can continue up until the day of the seminar.
- Contact the local Christian Radio Station for possible free spot announcements.

- Appoint a refreshments committee to provide snacks and drinks.
- This committee should also prepare a light lunch for Saturday or prepare a list of nearby restaurants.
- Make plans to pick up the speaker from the airport.
- Make reservations at a hotel. If the speaker is driving make sure he has directions to the hotel.

On the day of the seminar:

- Have coffee and doughnuts ready half an hour before the starting time.
- Have signs directing people to the auditorium and rest rooms if necessary.
- Have a registration table near the front door with personnel to register guests, collect money due, and provide each guest with a name card.
- Make certain that two people are responsible for money at all times.
- Make sure the speaker has everything he or she needs: microphone, overhead or data projector, chalkboard and chalk (or white board and markers), water, and any other items requested.
- Provide a table for books and tapes for sale as well as a reliable person to take care of the table.

The Finances

- The normal tuition for each seminar (if taken for credit) is \$65.00 per credit hour. Each seminar is 3 credit hours plus the cost of the Textbook.
- The teacher/Vision is to receive 40 % of the tuition, or \$350.00, which ever is greater, to be paid at the time of the seminar. However, the local church should plan on having the teacher as a Sunday morning speaker and take a love offering unless the church has another policy for the speaker's honorariums.
- After the expenses are paid the church will keep 60% of what is left from the tuition, the balance of the tuitions are to be sent to Vision, as per contract. This applies only if a minimum of twenty participants attend.
- Of course, if you are not as of yet a Vision Satellite College, we would love to assist you in becoming one, and can work out other arrangements for finances as necessary.

Finally

- Keep track of the names and addresses of all participants. These are the people you will contact when you hold another seminar.
- Make sure the speaker has transportation to the airport.
- Complete and forward the seminar evaluation form to the offices of Vision with suggestions of improvements, and suggestions of other seminars not listed in this catalog and general comments.
- A list of books and tapes are available upon request from Vision Publishing.
