PHOTO MANUAL

DK Admiral

Kom nærmere, mine damer og herrer, og kast blikket på den nye Admiral cruiser — selve billedet på efterkrigstidens fremskridt! Skabt udelukkende af fint, skibstømmer-skåret træ og formgivet af de snu skandinaviske stylist, skærer denne slanke skønhed gennem bølgerne så let som en varm kniv i smør. Hendes frække, opadvungne stævn fører et slankt skrog, der tilsyneladende svæver på luften, mens brede panoramavinduer bader salonen i strålende dagslys og forvandler hver tur til en solbeskinnede ferie. Polerede kromdetaljer glimter som en Cadillac-kofanger, og det elegante, flade overbygningstag med sin smagfulde udskaering agtertil giver en silhuet så moderne, at den kunne være trillet direkte ud af Tomorrowland. Slip fortøjningerne, giv gas, og mærk den grænseløse frihed i Atomalderen — Admiral giver dig morgendagens stil i hænderne allerede i dag!

GB Admiral

Step right up, folks, and feast your eyes on the new Admiral cruiser—the very picture of post-war progress! Fashioned entirely from fine, shipwright-cut timber and shaped by those clever Scandinavian stylists, this trim beauty slices through the brine as smooth as a hot knife through butter. Her saucy, lifted bow leads a slender hull that seems to glide on air, while broad picture-window ports bathe the salon in glorious daylight, turning every outing into a sun-splashed holiday. Polished chrome appointments sparkle like a Cadillac bumper, and the smart, flat coach-roof with its tasteful aft cut-out lends a silhouette so modern it might have strolled off Tomorrowland itself. Cast off the lines, open the throttle, and feel the wide-open freedom of the Atomic Age—Admiral puts the style of tomorrow in your hands today!

D Admiral

Treten Sie näher, meine Damen und Herren, und lassen Sie Ihren Blick über den neuen Admiral Cruiser schweifen — das Musterbild des Nachkriegsfortschritts! Ganz aus edlem, meisterhaft geschnittenem Schiffsbauholz gefertigt und von findigen skandinavischen Designern geformt, schneidet diese schlanke Schönheit durchs Nass so geschmeidig wie ein heißes Messer durch Butter. Ihr kesser, hochgezogener Bug führt ein schlankes Rumpfprofil, das scheinbar auf Luftkissen gleitet, während breite Panoramafenster den Salon in herrliches Tageslicht tauchen und jede Ausfahrt in einen sonnenverwöhnten Urlaub verwandeln. Hochglanzverchromte Beschläge funkeln wie der Stoßfänger eines Cadillacs, und das elegante, flache Kajütdach mit geschmackvollem Ausschnitt am Heck verleiht eine Silhouette so modern, als käme sie direkt aus Tomorrowland. Leinen los, Gashebel nach vorn und spüren Sie die grenzenlose Freiheit des Atomzeitalters — Admiral legt Ihnen schon heute den Stil von morgen in die Hände!

F Admiral

Approchez, approchez, mesdames et messieurs, et réglez vos yeux du tout nouveau croiseur Admiral — incarnation même du progrès d'après-guerre! Entièrement façonné dans un bois noble, taillé par des maîtres charpentiers de marine et mis en forme par ces astucieux stylistes scandinaves, ce bijou élané fend les flots salés avec la douceur d'un couteau chaud dans du beurre. Son étrave audacieuse et relevée ouvre la voie à une coque fuselée qui semble glisser sur l'air, tandis que de larges baies vitrées inondent le salon d'une lumière éclatante, faisant de chaque sortie des vacances baignées de soleil. Des garnitures chromées polies scintillent comme le pare-chocs d'une Cadillac, et le toit plat et élégant de la superstructure, agrémenté d'une découpe arrière de bon goût, dessine une silhouette si moderne qu'on la croirait sortie tout droit de Tomorrowland. Larguez les amarres, poussez la manette des gaz et goûtez à la liberté sans limites de l'Ère atomique — Admiral met dès aujourd'hui le style de demain entre vos mains!

NL Admiral

Komt dat zien, dames en heren, en laat uw ogen zich vergapen aan de gloednieuwe Admiral-cruiser — het toonbeeld van naoorlogse vooruitgang! Volledig vervaardigd uit fijn, scheepstimmerman-gesneden hout en vormgegeven door die pieterse Scandinavische stylisten, snijdt deze slanke schoonheid door het zoute water zo soepel als een heet mes door boter. Haar uitdagende, opgetilde boeg leidt een ranke romp die lijkt te zweven op lucht, terwijl brede panoramische ramen de salon baden in een zee van daglicht en van elke vaart een zonovergoten vakantie maken. Gepolijste chromen accenten fonkelen als een Cadillac-bumper, en het strakke, platte kajuitdak met zijn smaakvolle uitsparing achteraan geeft haar een silhouet zo modern dat het zo uit Tomorrowland lijkt weggerold. Los de trossen, zet het gas open en proef de grenzeloze vrijheid van het Atoomtijdperk — Admiral legt de stijl van morgen vandaag al in uw handen!

E Admiral

¡Pasen y vean, damas y caballeros, y deleiten su vista con el nuevo crucero Admiral, la viva imagen del progreso de la posguerra! Construido íntegramente con fina madera tallada por maestros carpinteros navales y moldeado por esos ingeniosos estilistas escandinavos, esta esbelta belleza corta la salobre superficie tan suave como un cuchillo caliente la mantequilla. Su atrevida y elevada proa conduce un casco estilizado que parece deslizarse sobre el aire, mientras los amplios ventanales panorámicos inundan el salón de gloriosa luz diurna, convirtiendo cada travesía en unas vacaciones bañadas por el sol. Relucientes detalles cromados centellean como el paraques de un Cadillac, y el elegante techo plano de la superestructura, con su refinado recorte en la popa, dibuja una silueta tan moderna que bien podría haber salido directamente de Tomorrowland. ¡Larguen amarres, aceleren el motor y sientan la libertad sin límites de la Era Atómica! Admiral pone el estilo del mañana en sus manos hoy mismo.

I Admiral

Avanti, signore e signori, riempitevi gli occhi con il nuovo cruiser Admiral — la perfetta immagine del progresso del dopoguerra! Realizzato interamente in pregiato legno tagliato da maestri d'ascia e modellato da quei geniali stilisti scandinavi, questo snello gioiello fende le acque salate liscio come un coltello caldo nel burro. La sua prua sbarazzina e rialzata guida uno scafo affusolato che sembra scivolare nell'aria, mentre ampie finestrate panoramiche inondano il salone di luce, trasformando ogni uscita in una vacanza baciata dal sole. Le finiture in cromo lucidato brillano come il paraurti di una Cadillac, e la tuga piatta e raffinata, con la sua elegante apertura a poppa, disegna una silhouette così moderna da sembrare uscita direttamente da Tomorrowland. Mollate gli ormeggi, aprite la manetta e sentite la libertà sconfinata dell'Età Atomica — Admiral mette lo stile di domani nelle vostre mani, oggi!

P Admiral

Aproximem-se, senhoras e senhores, e deliciem os olhos com o novo cruiser Admiral — a própria imagem do progresso do pós-guerra! Forjado inteiramente em madeira nobre, talhada por mestres d'aixa e moldado por aqueles engenhosos estilistas escandinavos, esta beleza esguia corta as águas salgadas tão suavemente quanto uma faca quente na manteiga. Sua proa atrevida e elevada conduz um casco elegante que parece deslizar no ar, enquanto amplas janelas panorâmicas inundam o salão com gloriosa luz do dia, transformando cada passeio num feriado banhado de sol. Os apliques de cromo polido cintilam como o para-choque de um Cadillac, e a tolda plana e sofisticada, com seu discreto recorte à popa, confere uma silhueta tão moderna que poderia ter saído da própria Tomorrowland. Larguem as amarras, abram o acelerador e sintam a liberdade sem limites da Era Atômica — a Admiral coloca o estilo de amanhã nas suas mãos hoje!

PL Admiral

Proszę podejść bliżej, panie i panowie, i nacieszyć oczy nowym cruiserem Admiral — prawdziwym ucieleśnieniem powojennego postępu! Wykonany w całości z wyborowego, szkleniczo ciętego drewna i uformowany przez pomysłówych skandynawskich stylistów, ten smukły piękniś przecina słońc torń gładko jak rozgrzany nóż przez masło. Jego zadziorny, uniesiony dziób prowadzi smukły kadłub, który zdaje się sunąć po powietrzu, a szerokie, panoramyczne okna kąpią salon w świetle dnia, zamieniając każdy rejs w skąpane słońcem wakacje. Polerowane, chromowane detale lśnią jak zderzak Cadillaca, a sprytna, płaska pokładówka z gustownym wycięciem na rufie rysuje sylwetkę tak nowoczesną, jakby wyszła prosto z Tomorrowlandu. Odwiążcie cumy, dodajcie gazu i poczujcie bezkresną wolność Ery Atomowej — Admiral oddaje w wasze ręce styl jutra już dziś!
