

**Section 1: Identification of the substance/mixture and of the company/undertaking:**

- 1.1. Product identifier : Product name: Morris Clean formulated Powder.  
1.2. Relevant identified uses of the substance or mixture and uses advised against.  
1.3. Details of the supplier of the safety data sheet:  
Company name: Morris Clean UK Ltd.  
Unit 33, Patrick Stirling Court, Doncaster. DN4 United Kingdom.  
Tel:07404 899 903, Email: James@[morrisclean.com](mailto:James@morrisclean.com)  
1.4. Emergency telephone number: 07404 899903.

**Section 2: Hazards identification:**

- 2.1. Classification of the substance or mixture:  
Classification under CLP: This product has no classification under CLP.  
2.2. Label elements: This product has no label elements.  
2.3. Other hazards: PBT: This product is not identified as a PBT/vPvB substance.

**Section 3: Composition/information on ingredients:**

- 3.1. Mixtures: Contains Fragrance.

**Section 4: First aid measures:**

- 4.1. Description of first aid measures – Skin contact: Wash immediately with plenty of soap and water.  
Eye contact: Bathe the eye with running water for 15 minutes.  
Ingestion: Washout mouth with water.  
Inhalation: Consult a doctor.  
4.2. Most important symptoms and effects, both acute and delayed – Skin contact: There may be mild irritation at the site of contact.  
Eye contact: There may be irritation and redness.  
Ingestion: There may be irritation of the throat.  
Inhalation: No symptoms.  
4.3. Indication of any immediate medical attention and special treatment needed  
Immediate/special treatment: Not applicable.

**Section 5: Fire-fighting measures:**

- 5.1. Extinguishing media: Suitable extinguishing media for the surrounding fire should be used. Use water spray to cool containers.  
5.2. Special hazards arising from the substance or mixture – Exposure hazards: In combustion emits toxic fumes.  
5.3. Advice for fire-fighters: Wear self-contained breathing apparatus. Wear protective clothing to prevent contact with skin and eyes.

**Section 6: Accidental release measures:**

- 6.1. Personal precautions, protective equipment and emergency procedures: Refer to section 8 of SDS for personal protection details. Turn leaking containers leak-side up to prevent the escape of liquid.
- 6.2. Environmental precautions: Do not discharge into drains or rivers. Contain the spillage using bunding.
- 6.3. Methods and material for containment and cleaning-up procedures: Absorb into dry earth or sand. Transfer to a closable, labelled salvage container for disposal by an appropriate method.
- 6.4. Reference to other sections: Refer to section 8 of SDS.

**Section 7: Handling and storage:**

- 7.1. Precautions for safe handling–Handling requirements: Avoid direct contact with the substance. Ensure there is sufficient ventilation of the area.
- 7.2. Conditions for safe storage, including any incompatibilities – Storage conditions: Store in a cool, well-ventilated area. Keep container tightly closed.
- 7.3. Specific end use(s): No data available.

**Section 8: Exposure controls/personal protection:**

- 8.1. Control parameters – Workplace exposure limits: No data available.
- 8.2. DNEL/PNEC Values – DNEL / PNEC: No data available.
- 8.3. Exposure controls – Engineering measures: Ensure there is sufficient ventilation of the area.
- Respiratory protection: Respiratory protection not required.
- Hand protection: Protective gloves.
- Eye protection: Safety glasses. Ensure eye bath is to hand.

**Section 9: Physical and chemical properties:**

- 9.1. Information on basic physical and chemical properties–State: Powder.  
Colour: None.  
Odour: Pleasant.  
Solubility in water: Soluble.  
Ph=10.6 (weak alkaline).
- 9.2. Other information: No data available.

**Section 10: Stability and reactivity:**

- 10.1. Reactivity: Stable under recommended transport or storage conditions.
- 10.2. Chemical stability: Stable under normal conditions.
- 10.3. Possibility of hazardous reactions: Hazardous reactions will not occur under normal transport or storage conditions. Decomposition may occur on exposure to conditions or materials listed below.
- 10.4. Conditions to avoid: Heat.
- 10.5. Incompatible materials – Materials to avoid: Strong oxidising agents. Strong acids.
- 10.6. Hazardous decomposition products: In combustion emits toxic fumes.

**Section 11: Toxicological information:**

- 11.1. Information on toxicological effects – Toxicity values: No data available.  
11.2. Symptoms / routes of exposure – Skin contact: There may be mild irritation at the site of contact.  
Eye contact: There may be irritation and redness.  
Ingestion: There may be irritation of the throat.  
Inhalation: No symptoms.

**Section 12: Ecological information:**

- 12.1. Toxicity – Ecotoxicity values: No data available.  
12.2. Persistence and degradability: Biodegradable.  
12.3. Bioaccumulative potential: No bioaccumulation potential.  
12.4. Mobility in soil: Readily absorbed into soil.  
12.5. Results of PBT and vPvB assessment – PBT identification: This product is not identified as a PBT/vPvB substance.  
12.6. Other adverse effects: Negligible ecotoxicity.

**Section 13: Disposal considerations:**

- 13.1. Waste treatment methods – Disposal operations: Transfer to a suitable container and arrange for collection by specialised disposal company.  
NB: The user's attention is drawn to the possible existence of regional or national regulations regarding disposal.

**Section 14: Transport information:**

Transport class: This product does not require a classification for transport.

**Section 15: Regulatory information:**

- 15.1. Safety, health and environmental regulations/legislation specific for the substance or mixture.  
Specific regulations: Not applicable.  
15.2. Chemical Safety Assessment: Not applicable”.

**Section 16: Other information:**

***This safety data sheet is prepared in accordance with Commission Regulation (EU) No 453/2010.***

\* indicates text in the SDS which has changed since the last revision.

Legal disclaimer: The above information is believed to be correct but does not purport to be all inclusive and shall be used only as a guide. This company shall not be held liable for any damage resulting from handling or from contact with the above product.

***Section 16: Other information continued:***

Please Note\* Morris Clean UK formulated powder has been specifically designed to be used with water. Therefore, Morris Clean UK Formulated powder cannot be used as a cleaning Product in powdered form. Please note\* This data sheet is for the diluted product of 1%.

One mixed with water as directed ph=10.6 (weak alkaline).  
The recommended mixing dilutions are as follows:

One Sachet (4 grams) of Morris Clean UK formulated powder to 500ml of water.  
If you have any allergic allergies, please wear gloves.
