

MD PAPER PRODUCTS™ are simple, Japan-made products that are designed to get the most out of our exactly designed MD PAPER™. We have continued to explore the unique qualities of MD PAPER since the 1960's in order to continually refine the writing feel that enhances the value of taking pen to paper. Universal quality can inevitably be found by focusing on the true characteristics of a product. We will continue to redefine and refine MD PAPER through the creation of a wide range of products.

* Each goat leather item is made from a single piece of leather as a material so that it can fit the notebook well. Although scratches and unevenness peculiar to leather can be noticed on the back surface, we intentionally try not to color or add a lining so that the cover is finished simply. These scratches and unevenness will not be a problem in normal use; please enjoy the natural texture of the leather itself. The scientific name of Goat Leather is "Caper".
