

1st or 'Spring' Seasonal

Sluispolder, 16 July 2020

Due to Covid19, the first of the 'Seasonals' in 2020, the 'Spring', could not be played as planned but a reservation had been made to play the annual event at Sluispolder in July which was 'converted' to the first seasonal. This was only the fourth competition for the EGC this year following the January and February monthlies and last week's Captains' Challenges.

The day remained dry with a moderate temperature and a light wind. The course itself was in excellent condition though the back nine greens had recently been subjected to routine maintenance – a minor impediment.

The results are noted in the table. Alex was third with a worse back-nine than Garry who was second and with Brian, one of the organizers, in first place. No fix!

Nearies were claimed by Alex on hole 5 and Henk on hole 15. No one hit the greens on holes 8 and 10.

Marga Harboe-Sorensen	17

Once again the poor engineering of the Motocaddy was demonstrated with the immersion of a runaway trolley in a water hazard!

The day was completed with a very good dinner in a party atmosphere, social distancing notwithstanding, and with Wil enjoying making the presentations, as evidenced below.
