

Summer Seasonal 2021

The second or Summer 'Seasonal' of 2021 was played on Thursday 17 June at the De Batouwe course near Tiel, a ~90 minute drive from ESTEC. De Batouwe has three, 9 hole courses and eighteen of our members played on 'Peer' and 'Appel', but well before the trees were bearing fruit.

We were even accorded our own marshall who welcomed us to the course at the first tee box. The course did not look very busy and he said that many intending players had cancelled their rounds that day – not surprising as the temperature was in excess of 30C at 12:00. I for one was thankful our marshall kept track of us and was able to supply much needed cold drinks.

We played under almost cloudless skies The course was in pretty good condition with plenty of water, sand and the occasional elevated spectator.

For the first time this year, with the easing of coronavirus restrictions we, as a club, were able to socialise and have dinner after the event.

Ultimately, some confusion over the playing handicap tables and the application of the 36.0 handicap limit for the competition was resolved and the results are shown in the accompanying table which also list the "Granny Smith" standings after two events.

Our thanks to Helma for organizing the event.

Brian Taylor
