

The Captains' Challenges, Sluispolder, 6 July 2023

The Captains' Challenges (Stableford format) were held on Thursday 6 July at the Sluispolder course just north of Alkmaar. There was a 'Red Alert' for high winds in Nord Holland the day before and much damage was done throughout. However the club managed to clear many fallen trees and branches before we started and all the holes were available for play. The course was in very good condition and the day was perfect for golf.

Five club captains and two lady captains competed for the trophies (Helma for both)! Our numbers were boosted with five 'guests' so we were eleven players in total, pretty much 'par' for the last few years. The four buggies were fully utilized.

Erik won the club captain's trophy and Wil won the lady captain's, both for their third time. On the day, the best guest was Reno.
