

Chairman's Challenge – Nov-2017

The annual Chairman challenge was organised Sunday November 12th. The competition is a Fox-hunt (4 ball-better-ball) where the Chairman & Captain (this year the Vice-Captain) set the Par of the course and everybody in teams of two tries to beat that score.

The weather forecast was dreadful with forecast of hail & thunder, but as so often in the Netherlands – if you do not like the weather just wait a little then it will change.

A participation of 20 was on the low side, but still enough to have a fun game. The Foxes made a poor score, which made it 'easy' – despite the threatening weather condition - to score better. Quite a number of teams did that. (If the score is better than 36 stb calculated against the Par of the Foxes the team have done better than the Foxes! 😊😊😊)

With 20 players, we could do the game in 10 flights, - shotgun tee-off at 12:00 – and could all be safe & dry inside by 15:00 – which worked perfectly.
