New Philanthropy Capital

New Philanthropy Capital (NPC) is a charity consultancy and think tank dedicated to helping funders and charities to achieve a greater impact.

We provide independent research, tools and advice for funders and charities, and shape the debate about what makes charities effective.

We have an ambitious vision: to create a world in which charities and their funders are as effective as possible in improving people's lives and creating lasting change for the better.

For charities, this means focusing on activities that achieve a real difference, using evidence of results to improve performance, making good use of resources, and being ambitious to solve problems. This requires high-quality leadership and staff, and good financial management.

For funders, this means understanding what makes charities effective and supporting their endeavours to become effective. It includes using evidence of charities' results to make funding decisions and to measure their own impact.
