# KICK OFF ART OF FREEDOM PROJECT

DECEMBER 21, 2020

Another exiting project kicking off. In the project "ART OF FREEDOM" we will work with partners from the UK, Hungary, Spain and Poland. The lead partner is the Croatian Association of Artists. Several artist who are represented in this group, have been making several murals in prisons and hospitals in Croatia. Together with them we will be working on two books on art, art education and art therapy in prisons in the next two years. We are really looking forward to this project. Unfortunately, like so many other meetings, this meeting to was online.
