<https://www.visitvejle.dk/vejle> (Closer to the venue)

<https://www.visithorsens.dk/horsens/forside> (Closer to the venue)

Mostly for people not doing karate or staying longer though...

VARIOUS INFO:

Voltage: 220V AC, 60Hz – Central European plug type-K (like the Germans use... and Swedes...and Norwegians... and – well, almost all EU countries use). So, remember a **converter** plug if you come from **UK, US or Japan**

Currency: Danish Kroner (DKK). All major Credit Cards are accepted in most stores, taxi's etc – but it seems that more and more requires the CHIP versions (or wireless) – so if you want to be sure – have such

Language: Danish – or let's call it Denglish ... as we inherit so many words from English the language is somehow floating...

Climate: Out of control. Can be warm and nice in July e.g. 20-25°C (2018, 2019, 2020,2023) – or cold/windy and raining e.g. 15°C-20°C (2017, 2022). Prepare for the worst – and it will be good

Border control: Remember your valid passports – please

Health: Nearest hospital and emergency room is ~30mins from the camp. We do not plan to use it – but just in case

CAMP AREA (NEW 2024):

In 2024 the camp will be held in our DOJO premises (all meals are served here) – and if the group becomes larger than what can be hosted in our Dojo a local sports venue (less than 10min in walking distance from the dojo) is pre-booked as a back-up. Whether this will be used or not is subject for # of registrations.

Dojo 1 (and sleeping area for stay overs)

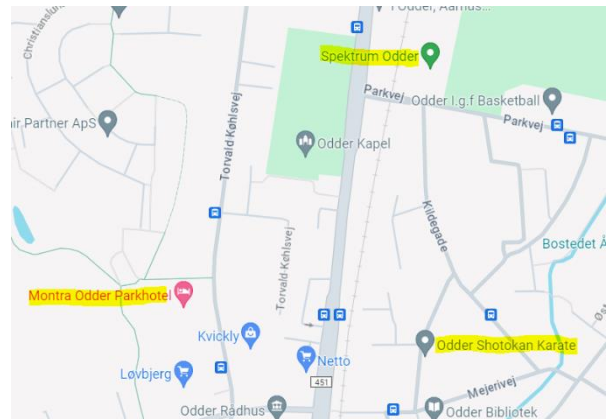

Dojo 2 (sleeping area for stay overs / storage during days)

Please note: we also encourage some of our local karate kids to sleep over in the Dojo - so if it starts to be crowded we can/will split into a kids/adult's section by Dojo 1 / Dojo 2

Back-up venue – depends on # of sign-up's

Location of hotel, dojo and back-up venue – about 500 m distance between each location marked

Canteen area (at Dojo)
