

'Bell' test ('Test des cloches', Gauthier, Dehaut & Joanette, 1989)

Strategies for finding the bells

The worksheet consists of ten horizontal rows, each defined by a dashed midline and solid top and bottom lines. Small bell icons are scattered across the page. The distribution of bells is as follows:

- Row 1: 4 bells (2 above the dashed line, 2 below)
- Row 2: 2 bells (1 above, 1 below)
- Row 3: 4 bells (2 above, 2 below)
- Row 4: 4 bells (2 above, 2 below)
- Row 5: 2 bells (1 above, 1 below)
- Row 6: 4 bells (2 above, 2 below)
- Row 7: 4 bells (2 above, 2 below)
- Row 8: 2 bells (1 above, 1 below)
- Row 9: 4 bells (2 above, 2 below)
- Row 10: 4 bells (2 above, 2 below)
