The **European BDSM & Fetish Fair Passion** has firmly established itself as a large and high-quality sales platform. With its high-quality exhibitors, the large and affluent audience, the special atmosphere and an attractive programme, Passion is a crowd magnet and, as the last fair of the year, has meanwhile established itself as a major BDSM & fetish scene meeting place. Above all, the exhibitors' rebookings show: **this is where successful sales are made.**

**Passion**  
BDSM & FETISH FAIR

Nov 25-27, 22  
Hamburg

Passion focuses on **handmade and exclusive SM and fetish products with quality standards.** This trade fair focus is complemented by a standard range for beginners. Passion is in the process of establishing itself as an **international event.** We will continue to expand our promotional presence, especially in Northern Europe. The Hamburg location offers the best conditions for this. Many exhibitors have already registered for the following year at the last fair. Therefore, the number of free stand spaces is limited. Anyone who would still like to participate as an exhibitor should contact us as soon as possible.

***Book now and secure one of the places still available!***

**Fair date and place**

Fri 25.11 - Sun 27.11.2022
