

# Assembly Instructions

Fold shade pieces E & F along guide lines

Assemble Frame

\*Press firmly to secure

Attach folded part F to the inside of the frame using provided hardware (4x G)

Continue to attach the remaining E pieces to the frame using hardware G. Connecting only the top triangle on the final piece to allow for access to the bulb (G&C) to be added.

Insert bulb piece and screw in loosely from the bottom. Fold closed the final shade piece, tucking under part C.

Tighten the screw H to secure the bottom flap to the base. Loosen to change the bulb.
