CONNECTION:

SHOWER FILTER

A filter designed for the treatment of shower water.

INCLUDES:

- zinc-copper deposit - lowers heavy metals chlorine and bacteria,
- polyphosphate - reduces the drying effect of calcium and magnesium salts.

ACTION:

- effectively eliminates impurities that cause dry skin, dandruff and brittle hair,
- prevents scale buildup on tiles and fixtures,
- reduces chlorine and its poisonous derivatives,
- supports skin and hair care,
- allows to reduce the consumption of washing agents.

PROTECTS THE SKIN FROM:

- chlorine,
- dryness,
- irritation,
- feeling of tension.

PROVIDES:

- 6 months of soft water effect,
- shower and fixtures free of scale deposits,
- better absorption of cosmetics.

SUPPORTS:

- treatment of AZS,
- daily skin care for the whole family.
