

Material specification and certification for Piab Feed adapters with piFLOW®p interface

Piab AB hereby certifies that the steel, plastic and sealing material primarily in contact with the conveyed substance, comply with the following specifications.

Article no.	Description
0202837	Feed adapter D=25C
0202838	Feed adapter D=32C
0202816	Feed adapter D=38C
0202825	Feed adapter D=50C
0202827	Feed adapter D=63C
0202844	Feed adapter D=75C
0202845	Feed adapter D=100C
0202823	Feed adapter TC D=50C

Steel material	Material name: Stainless steel ASTM 316L (EN1.4404) Surface treatment: Electropolished Surface finish: General product contact surfaces: Ra≤0,8
Plastic material	Material name: POM Complaint to: FDA 21 CFR § 177.2470 EC No. 1935/2004
Sealing material	Material name: Nitrile rubber Complaint to: FDA 21 CFR § 177.2600 EC No. 1935/2004
