

Global Pathway to UK Degrees

A Transformational Education Journey Begins Here

Offered by Quaid-E-Azam Group of Schools and Colleges
In Academic Collaboration with City College Birmingham (UK)
Trading Name of Mortha Halls of Ivy

Introduction

For many learners, the dream of earning an international degree feels distant — something only available to a privileged few. High costs, complex processes, and relocation challenges often create a gap between potential and opportunity.

But what if that gap didn't exist?

What if the journey to a British degree could begin in the classrooms you already know — close to family, in your own community — and still end with a graduation cap in one of the world's most respected universities?

That's exactly what the Global Pathway to UK Degrees is here to offer.

This is not just a course.

It's a roadmap.

A flexible, accessible, and globally respected route that puts a UK degree within your reach — no matter your background, no matter your starting point.

Who is this pathway built for?

This pathway is for:

- ✔ The student who wants a world-class degree without uprooting their life for three years
- ✔ The professional who thought it was too late to return to study — but still dreams bigger
- ✔ The parent who once had to sacrifice their own education, and now sees this as a second chapter
- ✔ The young learner who believes they are destined to lead, build, and grow in global business

This programme is your bridge — from ambition to achievement, from local to global.

And the best part?

You don't have to leave your home country to start.

You will study the first two years of your degree right here in Pakistan — in familiar surroundings, with experienced faculty, supportive peers, and real academic growth.

And then, when you're ready, you'll take the next step abroad — confident, prepared, and equipped to succeed anywhere in the world.

***Because your education shouldn't be limited by your location.
Because you deserve more than a degree — you deserve a global future.***

This is your moment.
Let's build that future — together.

Start in Pakistan. Graduate in the UK. Achieve anywhere.

WHAT IS THE 2+1 GLOBAL PATHWAY?

Every journey begins somewhere.

Yours can begin in a classroom just a few minutes from your home — with teachers who understand your learning style, peers who share your dreams, and a curriculum that reaches across continents.

That's the beauty of the 2+1 Global Pathway.

This isn't just an academic model — it's a structure designed to carry your ambition across borders. It brings the quality and credibility of a British university degree into your hands, while respecting your background, your resources, and your need to grow step by step.

The Pathway at a Glance

The programme is made up of three clear stages:

Year	Where You Study	What You Achieve
Year 1	In Pakistan	Level 4 Diploma in Business (L4DB)
Year 2	In Pakistan	Level 5 Diploma in Business (L5DB)
Year 2	In the UK (or other partner countries)	Final-year top-up leading to full UK bachelor's degree

That means:

- ✓ You'll complete two-thirds of your degree while living at home
- ✓ You'll build confidence, experience, and academic strength locally
- ✓ You'll still graduate abroad — with a globally recognised qualification

Why it works so well

- ✓ It makes international education more affordable
- ✓ It makes the transition less overwhelming
- ✓ It lets you earn while you learn if needed
- ✓ It respects family, culture, and commitments — while still expanding your future

For many learners, the idea of flying to the UK straight after high school is daunting — emotionally, financially, and academically.

The 2+1 pathway offers a more grounded option. It says:

“You don’t need to leave everything behind to move forward.”

When You’re Ready — the World is Waiting

- ✓ Two UK-regulated diplomas
- ✓ A strong academic portfolio
- ✓ Full guidance to apply for universities abroad
- ✓ The confidence to speak, write, and study in an international setting

From there, you'll complete your top-up year at a university in the UK — or other countries like Australia, USA, Japan, or Malaysia.

And you'll graduate with the same degree as students who spent all three years abroad.

The destination is the same. The journey is just more achievable.

YOUR TWO-YEAR LEARNING JOURNEY IN PAKISTAN

From Local Classrooms to Global Confidence

These first two years are more than just the start of your degree —
They are the foundation of your professional identity, your global mindset, and your ability to lead in any part of the world.

Here, in the nurturing environment of your local campus, you'll grow from a student into a thinker.
From a dreamer into a decision-maker.
From someone wondering *"Can I?"* — to someone declaring *"I will."*

YEAR 1: LEVEL 4 DIPLOMA IN BUSINESS (L4DB)

The First Step to a British Degree — From Right Here in Pakistan

In your first year, you'll begin your journey with curiosity — and you'll finish it with clarity.

This stage is about understanding the fundamentals of how businesses work:
How decisions are made.
How people and departments interact.
How money flows.
How products and services are created, promoted, and delivered.

But most importantly, you'll begin to understand yourself as a future professional.

You'll discover:

- ✓ Your learning style
- ✓ Your communication strengths
- ✓ Your leadership voice
- ✓ Your ability to analyse, debate, and present with confidence

Each assignment will bring you one step closer to thinking like a strategist, not just a student.

Sample Topics:

- ✓ The Business Environment – *How external forces shape companies*
- ✓ Financial and Management Accounting – *Understanding budgets, costs, and decisions*
- ✓ Business Communication – *Writing, presenting, persuading*
- ✓ People in Organisations – *How teams thrive and struggle*
- ✓ Business Functions – *Marketing, HR, Finance, Operations*
- ✓ Resource Management – *How to use time, money, and people wisely*

This is the year you build your base — brick by brick.

In a familiar setting. With expert teachers. At your pace.

YEAR 2: LEVEL 5 DIPLOMA IN BUSINESS (L5DB)

The Deep Dive — Strategic Thinking, Leadership, and Readiness

This is where your journey becomes real.

You'll be invited to think globally — not just about how businesses operate, but why they succeed, and how to make them better.

You'll work through real case studies. You'll draft reports that reflect actual business scenarios. You'll learn to speak the language of managers, marketers, and leaders.

And as you do, your confidence will grow.

You'll start to feel it:

"I'm ready."

You'll move from learning about businesses — to thinking like someone who runs one.

Sample Topics:

- ✓ Global Business Organisations – *Understanding the world as your market*
- ✓ People Management – *How to motivate, manage, and mentor a team*
- ✓ Marketing Principles and Practice – *Branding, consumer behaviour, campaigns*
- ✓ Financial Management – *Interpreting numbers to drive strategy*
- ✓ Business Ethics – *Making smart, responsible decisions*
- ✓ Business Law – *Understanding contracts, compliance, and corporate rights*

This is more than coursework.

This is transformation.

By the time you finish Year 2, you won't just have a diploma — You'll have:

- ✓ A professional portfolio
- ✓ Clear academic progression
- ✓ A story to tell
- ✓ And the confidence to take your place on the international stage

Your degree begins here — but your identity as a global learner is already in motion.

WHERE CAN YOU GO AFTER YEAR 2?

Your Diploma, Your Passport to Global Education

By the time you complete your Level 5 Diploma in Business (L5DB), you'll have done something extraordinary.

Not only will you have completed two years of British-accredited business education, right here in Pakistan —

You'll have earned the right to step into the final year of a full bachelor's degree at one of many respected universities around the world.

This is more than a progression.
It's a launchpad.

Instead of beginning your international education by relocating immediately, you've taken a smart, structured path — one that reduces costs, builds your confidence, and gives you options.

When you reach this point, you'll have everything you need:

- ✓ A portfolio of work
- ✓ Academic credits from UK-regulated diplomas
- ✓ The skills, mindset, and maturity to step into a global classroom with confidence

You won't be starting over. You'll be finishing strong.

HOW DOES IT WORK?

After Year 2, you apply to a university abroad that accepts your diploma for direct entry into the third (final) year of their bachelor's programme. You select the location, the specialisation, and the pace that suits your life.

You graduate with the exact same degree as a student who studied abroad for all three years.

And in many cases, you'll be eligible to stay and work after graduation under Post-Study Work Visas.

FULL LIST OF PROGRESSION UNIVERSITIES

Organised by Country and Final-Year Degree Options

UNITED KINGDOM

Anglia Ruskin University

- ✓ BSc (Hons) Business Management
- ✓ BSc (Hons) Business and Law

Kaplan / Northumbria University (Singapore Campus)

- ✓ BSc (Hons) International Business
- ✓ BSc (Hons) Banking and Finance
- ✓ BSc (Hons) Marketing Management

WHAT DOES THIS MEAN FOR YOU?

It means you have options.

It means your diploma opens doors — real ones.

It means you can shape your journey to fit your career goals, your finances, and your personal story.

You've built your foundation in Pakistan. The world is now your campus.

English Language Requirements & Visa Guidance

Preparing You for a Smooth and Confident Transition Abroad

You've completed two years of real learning.

You've developed the mindset of a global student.

You've built a portfolio, written professional assignments, and passed British-regulated assessments.

Now comes the moment you've been working toward:

[Applying to study in the UK or other partner countries](#) to finish your degree abroad.

But along with that opportunity comes a new layer of preparation — one that we walk with you every step of the way.

STEP 1: PROVING YOUR ENGLISH PROFICIENCY

Because the world speaks in English, and so do global universities.

When you apply for your final-year admission, most universities will ask you to demonstrate that you're able to study, write, and participate in English at a university level.

This isn't a barrier — it's a checkpoint.

And it's one we'll help you pass with confidence.

Most Commonly Accepted Tests:

Test	Typical Requirement
IELTS Academic	Overall 6.0 (with no band lower than 5.5)
TOEFL iBT	72 or higher
Pearson PTE Academic	Minimum score of 50
Duolingo English Test	Accepted by some partner universities (90–100+)
Medium of Instruction (MOI)	A letter stating your previous education was in English (accepted in select institutions)

We Support You With:

- ✔ Free or discounted IELTS practice resources
- ✔ Guidance on which exam to take based on your chosen university
- ✔ Timelines to register and prepare
- ✔ Coaching sessions or referrals (in some locations)

This is not a test of your worth — it's just a step in your journey.
And we'll be walking it with you.

You've been learning in English. Now let's show them what you've learned.

STEP 2: STUDENT VISA SUPPORT

We turn paperwork into a plan.

After receiving your university offer, the next step is applying for a student visa to travel and study abroad. This process can feel complex — but that's why we offer hands-on, personalised support.

We don't hand you a checklist and leave you alone.
We walk with you — line by line, document by document.

What We Help You With:

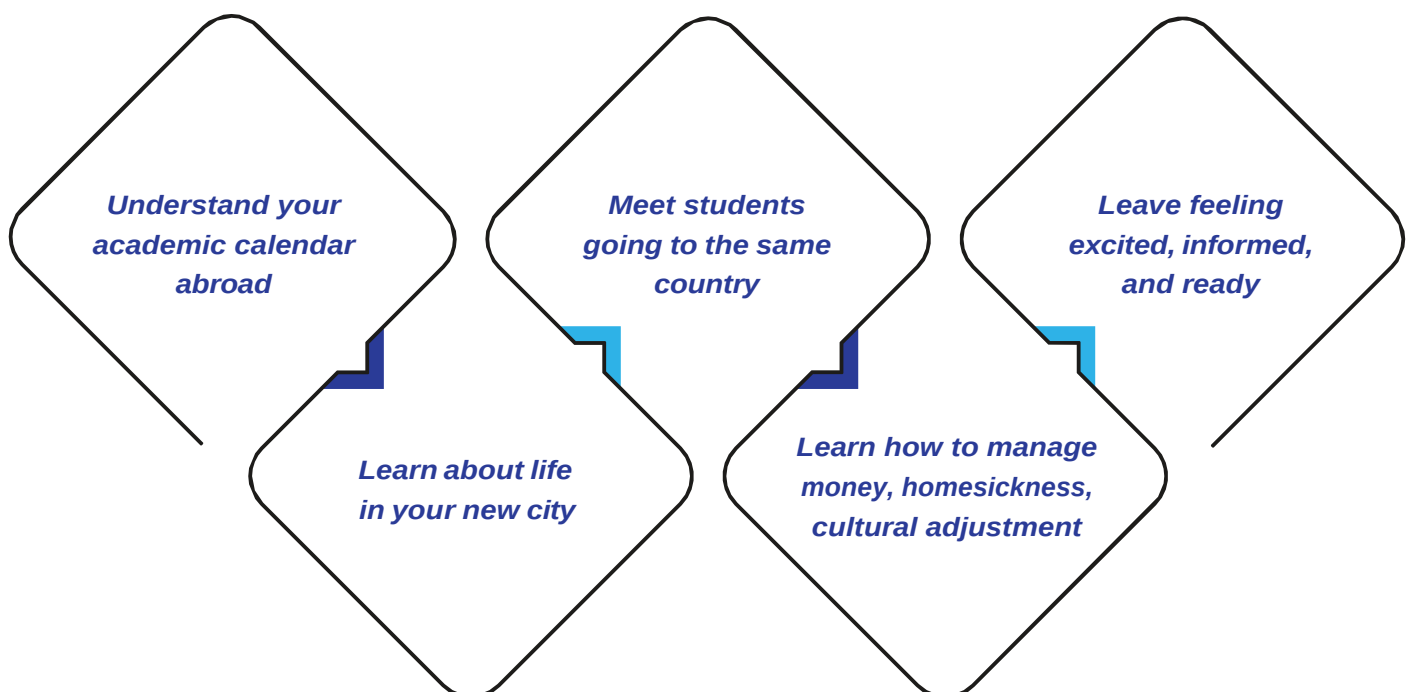

- ✔ Completing your student visa application forms
- ✔ Preparing your financial statements (as required by each embassy)
- ✔ Securing CAS (Confirmation of Acceptance for Studies) letters
- ✔ Explaining visa interview expectations
- ✔ Assisting your parents or guardians with understanding requirements
- ✔ Advising on travel, housing, and what to pack!

Visa Pathways by Destination:

Country	Country	Typical Requirement
<i>United Kingdom</i>	Tier 4 Student Visa	Eligible for 2-Year Graduate Visa after graduation
<i>Australia</i>	Subclass 500	Graduate Work stream available
<i>USA</i>	F-1 Visa	Optional Practical Training (OPT) for up to 12–36 months
<i>Malaysia, Cyprus, Japan, Singapore</i>	Student Visa Routes	Simple, structured pathways

Pre-Departure Orientation

Before you travel, we'll invite you to a Pre-Departure Briefing — where you'll:

A journey abroad begins with clear steps at home.

We've helped hundreds of students go global — and you'll have our full support until the moment you step into your international classroom.

WHY CHOOSE THIS PATHWAY?

More Than a Degree. A Strategy for Life.

There are many ways to earn a university degree.

But only a few are designed around real students — students with dreams, responsibilities, financial limits, and untapped potential.

The 2+1 Global Pathway isn't just an alternative.

It's a smarter, stronger, more flexible way to reach the same destination:

A full, accredited bachelor's degree from a respected university abroad.

WHAT MAKES THIS PATHWAY DIFFERENT?

☒ Designed for Affordability

Traditional international study requires high upfront investment — tuition, relocation, accommodation, and years abroad.

This pathway lets you complete **two-thirds of your degree in Pakistan**, reducing your total cost by **60–70%** — while maintaining the same UK academic standard.

✓ Built for Confidence

You're not thrown into a foreign system alone.
You'll grow step by step:

- ✓ First year: foundations
- ✓ Second year: leadership, strategy
- ✓ Final year: ready for the world

✓ Assessment that Builds Real Skills

No memorisation. No written exams.
You'll be assessed through **projects, presentations, research, and reports** — the same tools global professionals use every day.

✓ International Recognition

Both diplomas are awarded by UK-regulated awarding bodies.
They are accepted by a **global network of universities** across the UK, Australia, USA, Japan, Malaysia, Cyprus, and more.

✓ Career-Ready Outcomes

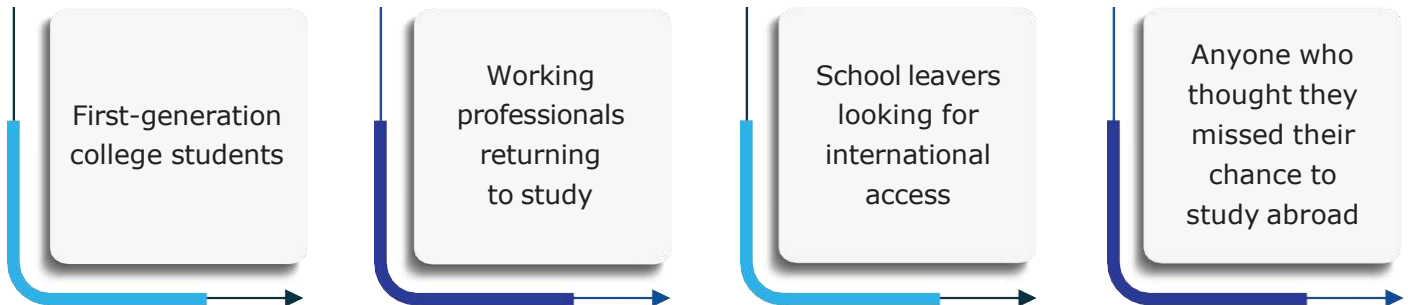

You won't just earn a degree.
You'll learn to:

- ✓ Pitch an idea
- ✓ Lead a team
- ✓ Read a balance sheet
- ✓ Start a business
- ✓ Think like a global strategist

A Pathway That Respects Your Story

This pathway is ideal for:

It doesn't matter how you start.

What matters is that you have a way forward — and this is it.

You don't have to leave your life behind to move it forward.

With this pathway, you grow where you are — and then go where you belong.

FREQUENTLY ASKED QUESTIONS (FAQS)

Honest Answers. Real Reassurance.

We know choosing your path is a big decision — especially when it involves crossing countries, systems, and expectations.

So here are the questions you might be thinking...

And the answers we want you to have — clearly, openly, and with care.

Q1: Is this a real UK degree? Will I graduate like someone who studied all 3 years abroad?

 **Yes. 100%.**

When you transfer abroad for your final year, you'll be entering a university that recognises your first two years through this diploma pathway.

You'll complete your degree in the same classrooms, sit in the same lectures, graduate at the same ceremony — with the exact same qualification.

Q2: I'm not a "typical" student. I'm older, I've been working. Can I still apply?

 **Yes, and you're exactly who this was designed for.**

We welcome learners aged 19 and above, with or without academic gaps. If you're ready to commit, we're ready to support.

There is no upper age limit.

Life doesn't always follow a traditional timeline — and this programme respects that.

Q3: What if I can't afford to study abroad for three years?

 **That's the entire reason this model exists.**

The 2+1 Pathway allows you to complete two-thirds of your degree here in Pakistan. That reduces your total study cost by more than half, making international graduation possible for students who would otherwise be excluded.

You study smart — and spend wisely.

Q4: Do I have to take IELTS?

 **Yes — but not immediately.**

You don't need IELTS to start the diploma in Pakistan.

You only need it (or an accepted alternative) **before** applying to your final-year university abroad.

And we'll help you prepare, register, and succeed when that time comes.

Q5: Will I get help with visa and university applications?

 **Yes, every step of the way.**

From choosing the right university to preparing your visa, documentation, interviews, and departure plan — our team will support you with clarity and care.

You focus on learning.

We'll take care of the logistics.

Q6: Will I be eligible to stay abroad and work after graduation?

 **Yes, in most countries.**

Especially in the UK, where students can apply for the **2-Year Graduate Route** after completing their final-year degree.

Other countries like Australia, the USA, and Malaysia offer similar post-study pathways.

Q7: What makes this different from a local degree?

 **This pathway is:**

-  Globally recognised
-  Assignment-based (no exams)
-  Directly transferable to over **a dozen countries**
-  Connected to **international career and postgraduate opportunities**

It's a degree that isn't limited by geography.

It's a qualification that speaks **everywhere** your ambition does.

YOUR GLOBAL JOURNEY — STEP BY STEP

A Timeline That Turns Dreams into Action

Planning your education should never feel overwhelming. So we've broken down your journey into clear, achievable steps — from the day you apply to the day you graduate abroad.

This timeline isn't just a list. It's a roadmap to your transformation.

MAY–JUNE 2025

➤ **Submit your application**

Your journey begins here. Complete your admission form at Quaid-E-Azam Group of Schools and Colleges. Our team will review your documents and guide you through next steps.

JULY 2025

➤ **Start Year 1: Level 4 Diploma in Business (L4DB)**

This is where your foundation is built — a full year of engaging coursework, group projects, and skill-building.

You'll learn:

- ✓ How businesses function
- ✓ How teams succeed
- ✓ How to analyse challenges and present solutions

This year ends with a diploma equivalent to **Year 1 of a UK degree**.

MID-2026

➤ **Start Year 2: Level 5 Diploma in Business (L5DB)**

Now, you're ready to go deeper — strategy, ethics, finance, and people management. You'll handle advanced assignments and prepare for the world beyond borders.

By the end of this year, you'll be holding a diploma equivalent to **Year 2 of a UK bachelor's degree**.

LATE 2026 – EARLY 2027

➤ **Begin your university application abroad**

With full support from our admissions team, you'll:

- ✓ Choose your final-year university
- ✓ Prepare your documents
- ✓ Write your personal statement
- ✓ Submit your application

MID-2027

➤ **Take your English test (IELTS or alternative)**

We'll help you register, prepare, and achieve the scores needed for university and visa eligibility.

AUG–SEPT 2027

➤ *Receive offer & apply for visa*

You'll get your university acceptance letter. Our visa support team will help you apply for your student visa and get travel-ready.

OCT 2027 (Or according to your chosen university's intake)

➤ *Fly abroad and start your final year*

Your university journey abroad will begin based on the **intake cycle of the institution you choose**. Some universities offer **September intakes**, others may admit students in **January or May**.

We will help you align your application, visa process, and travel timeline accordingly.

Once your visa is secured and your arrival is planned, you'll attend your **international student induction**, settle into your new campus, and begin your final academic year.

You'll feel ready — because you are ready.

MID–LATE 2028

➤ *Graduate with a full British degree*

Whether it's a ceremony in the UK, Australia, or elsewhere — you'll walk across that stage not just as a student, but as someone who designed their own path and saw it through.

You'll graduate with:

- ✓ A globally respected academic qualification
- ✓ A life-changing international experience
- ✓ And the tools to take on your career, further study, or entrepreneurship with global confidence

***You began in
Pakistan.
You finished in the
world.***

***And your story is
only just beginning.***

READY TO BEGIN? LET'S TALK.

Your Journey Starts With One Step

You've read the pathway.
You've seen the possibilities.
You know that the world is within reach — and now, it's your move.

Whether you're still exploring your options, ready to apply, or just need a conversation to clear your doubts — we're here.

This is not just a programme. It's a partnership.
One where we walk beside you, every step of the way.

Final Thought

*You don't have to be the richest student.
The smartest student.
Or the most "ready" student.

You just have to be the student who says:
"Yes. I'm ready to begin."*

Start in Pakistan. Graduate in the UK. Achieve anywhere.
