

Business Travel

Our Business Travel insurance covers your employees while they are traveling abroad. Even short business meetings during your employees' vacation will leave them uncovered by their private travel insurance.

This insurance covers anyone traveling in the interest of their company and covers unforeseen expenses, such as medical assistance, repatriation, baggage, flight delays, and more.

Falck Global Assistance provides professional assistance 24/7/365, and their mobile application, Falck Safe Travel, offers easy access to the Falck travel security platform as well as destination information and warnings.

- Customized coverage options available
