**Eton SAFETY
EQUIPMENT**

SPECIFICATIONS

Portable Kerb Ramp with Reinforced steel Bar

DESCRIPTION:

Perfect for temporary working grounds or construction site temporary wheelchair access

Light Duty Portable Kerb Ramp is an easy way to move trolleys with light loads over kerbs and steps without jostling the cargo or causing strain to the operator.

Highly visible safety yellow

Lightweight for easy portability

Strong high-density polyethylene ramp has non-slip surface to provide excellent traction in all weather conditions

Carrying handles allow the ramp to hang in the delivery van or truck for easy storage
