3M Peltor Optime II Ear defenders

DESCRIPTION:

Peltor Optime II H520A ear defenders headband version
Colour: Black

3M Peltor Optime II Passive Ear Muffs H520A. Headband option.

Developed for demanding noisy environments, particularly suited for noise levels dominated by low to medium frequencies. The sealing rings in the ear defenders are filled with a unique combination of liquid and foam. The result is an optimum seal with low contact pressure, which provides agreeable comfort even during long-term use.

Liquid sealing rings for improved comfort

Unique low profile headband design helps maintain constant pressure thus providing confidence in protection

Large space inside cup helps reduce moisture and heat build-up

Soft, wide cushions helps reduce pressure around the ears and improves comfort and wearability

Easy to replace cushions and inserts helps keep them hygienically clean

Easy-to-understand attenuation symbol to help ensure correct product selection

Type H 34/M 29/L 20, Sound Noise Reduction (SNR) 31 dB, weight 210 g.

Size: One

Conforms to: EN352-1

3M Peltor is the market leader for noise protection; this is their best seller - so you know your ears are in safe hands

Weight: 0.50 kg
