14 Allergens

Food Standards Agency
food.gov.uk

The way allergens are labelled on prepacked foods has changed. The Food Information Regulations, which came into force in December 2014, introduced a requirement that food businesses must provide information about the allergenic ingredients used in any food they sell or provide.

There are 14 major allergens which need to be mentioned (either on a label or through provided information such as a menu) when they are used as ingredients in a food. Here are the allergens, and some examples of where they can be found:

1 Cereals This includes wheat, barley, rye, oats and the most widely used, corn. You can find cereals in many food products, including bread, pasta, cereals, soups, and many other products.	2 Cereals containing gluten Wheat (such as spelt, farro, kamut), rye, barley, and oats are commonly found in foods containing gluten. This includes bread, pasta, cereals, soups, and many other products.
3 Crustaceans Crabs, lobsters, prawns and shrimp are crustaceans. Shrimp, prawns, and lobster are commonly found in many food products, including soups, salads, and many other products.	4 Eggs Eggs are often found in cakes, bread, and many other products. They are also found in many other products, including soups, salads, and many other products.
5 Fish You will find fish in many food products, including fish, fish oil, and many other products.	6 Gluten You will find gluten in many food products, including bread, pasta, and many other products.
7 Milk Milk is a common ingredient in many food products, including milk, milk powder, and many other products.	8 Nuts Nuts are often found in many food products, including nuts, nut oil, and many other products.
9 Mustard Mustard is often found in many food products, including mustard, mustard oil, and many other products.	10 Peanuts Peanuts are often found in many food products, including peanuts, peanut oil, and many other products.
11 Soy Soy is often found in many food products, including soy, soy oil, and many other products.	12 Sulphur dioxide Sulphur dioxide is often found in many food products, including sulphur dioxide, sulphur dioxide oil, and many other products.
13 Tree nuts Tree nuts are often found in many food products, including tree nuts, tree nut oil, and many other products.	14 Sulphur dioxide Sulphur dioxide is often found in many food products, including sulphur dioxide, sulphur dioxide oil, and many other products.
