Experience a selection of David Bowie's immortal hits like *Rebel Rebel*, *Let's Dance*, *Starman*, *China Girl*, *Ziggy Stardust*, and of course, *Heroes*, as the Danish band, **the BOWIE tribute**, delivers an intense and hypnotic live homage to one of rock history's greatest icons.

**the BOWIE tribute** – perhaps Europe's best Bowie tribute band - delivers atmospheric, heartfelt, and authentic versions of Bowie's legendary songs. Their musical homage is a declaration of love for a music icon who continues to inspire generations.

Over the past 10 years, the band has paid tribute to Bowie on small and large stages, at festivals and clubs in Denmark, Sweden, and Germany, led by their charismatic and exceptionally talented lead singer, Michael Bjørn, who uses his voice to capture and move audiences with his interpretation of Bowie's music.

The music magazine **GAFFA** writes about the band (translated from Danish):

*"Lead singer Michael Saxe Bjørn naturally becomes the focus, because here HE 'is' Bowie - or something that resembles him. It's done so well, sometimes even understated, and with deep respect for the existing material. When you listen with your eyes closed, you might start to wonder, "Isn't that...?".”*
