We have tables, chairs and basic equipment. Contact us for further details. Anything specific to activities will need to be provided by the activity organiser.

We aim to have a balanced programme of activities and events to suit all ages & social groups. Our vision is that every resident in Nunhead is catered for, be they young or old, new to the area or life-long residents. The centre will allow different people to do different activities in the same place at the same time.

There will be availability for regular activities, such as weekly sport, kids clubs or meetings, and private hire for one-off events e.g. children's parties or weddings. To allow for a wide range of activities, there will be a limit on the same activity being held over a weekly period.
