Georg Jensen's style embraced the Art Nouveau lines of the day but injected them with a distinctive vigour that continues to resonate today.

AAMANNS 1921

Our mission is to revitalize and update Danish smørrebrød to a timeless and surprising, but still recognizable form, where taste is paramount. Although our smørrebrød is rooted in the classic tradition, we are not afraid to challenge the status quo, and we constantly work to bring in new ideas and flavour combinations.

Our respect for the chef's craft is a driving force. We make everything from scratch, choosing to pickle, braise, roast and bake ourselves. Fruits and vegetables are in season, the fish is sustainable, and our meat comes from animals that have lived a decent life in the open air. Flour and dairy products are organic.

ROYAL WOODEN BOAT
