

# Water Balance

EQUIPPING WATER MANAGERS WITH  
TOOLS TO EASILY INVESTIGATE THE  
VOLUMETRIC DYNAMICS OF DAM-LAKES

TWIGA

# The Problem

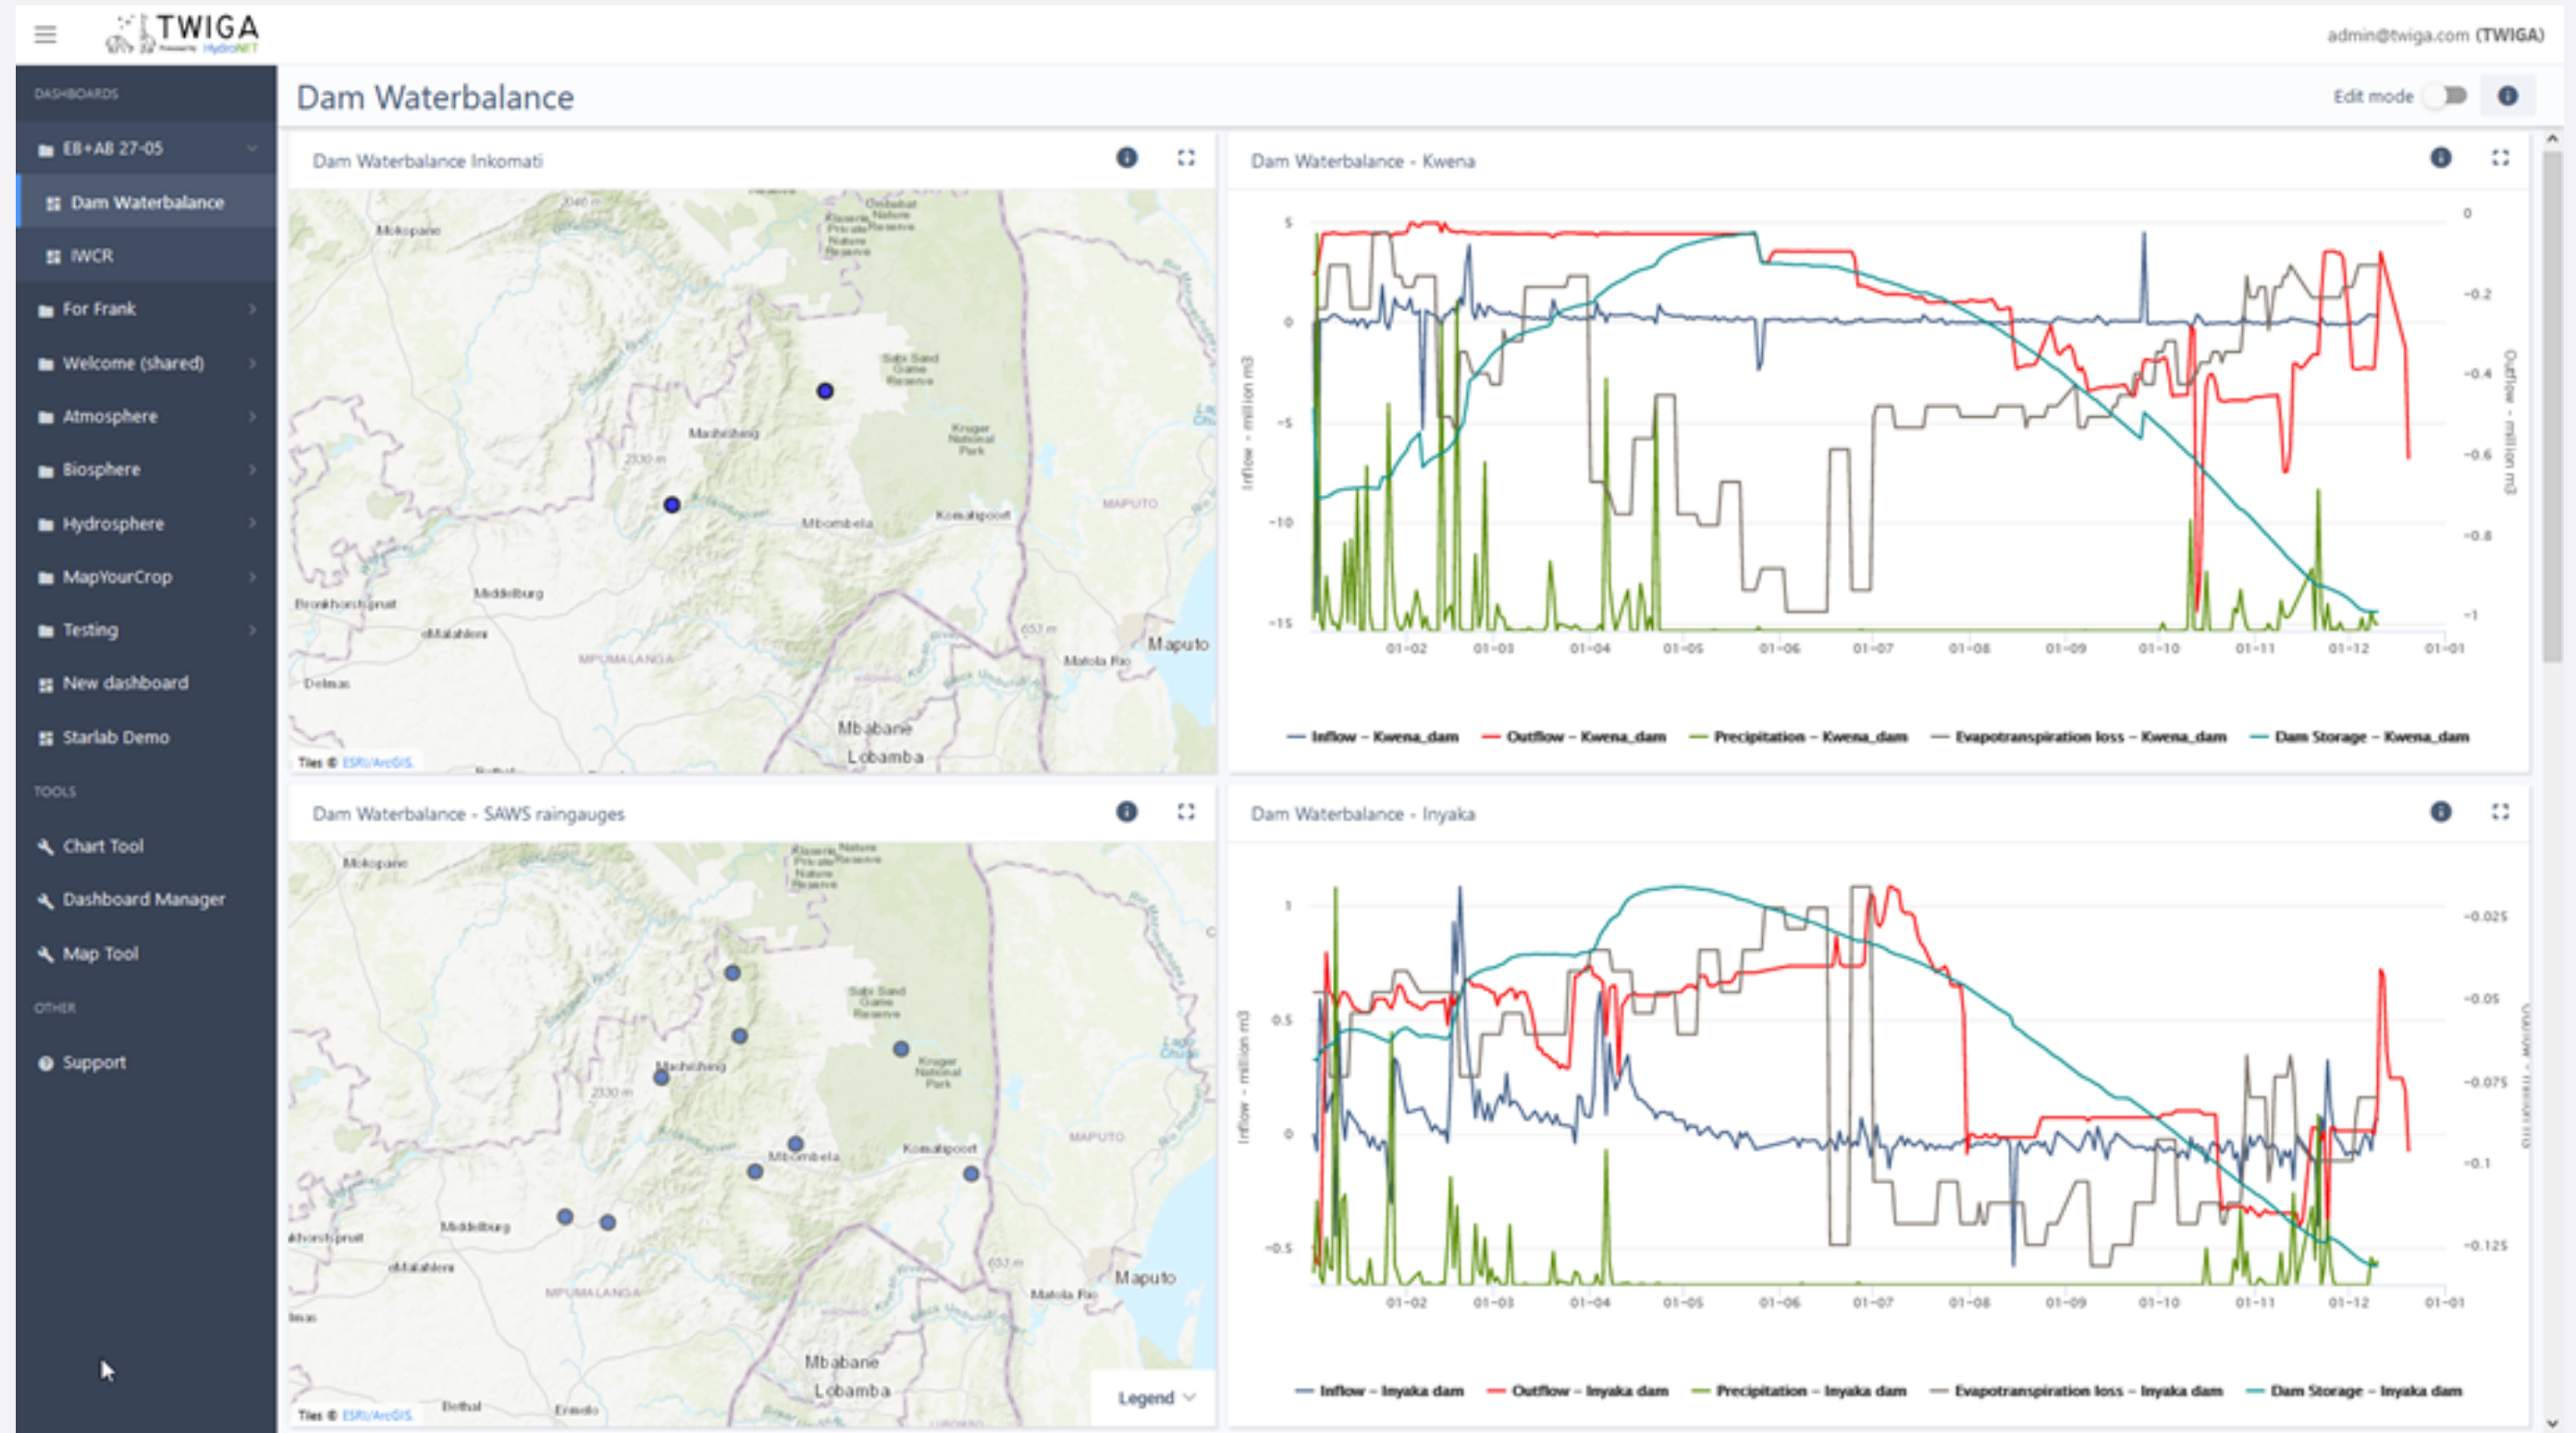

When dam or lake levels are not properly monitored it can result in a lot of devastation of property loss, loss of lives and displacement of people. It can also lead to drought and power cuts.

**EFFECTS OF POOR WATER BALANCE IN  
LAKES & DAMS**
