Women in Science: Building a Borderless Future of Inclusion and Resilience

*The 9th Conference for
Women in Science Without
Borders*

18th - 19th JUNE 2025

Science for Humanity: Shaping
a Future without Borders

The International Conference on Women, Science, and Modernity aims to foster a global network of scientists representing over 70 countries. Its mission is to promote the integration of scientists—irrespective of gender—into societal advancement through collaborative scientific projects. The conference emphasizes scientific excellence and merit as the sole criteria for recognition and evaluation.

By supporting initiatives aligned with sustainable development goals, particularly gender equality, the event envisions a world where science is inclusive, accessible, and instrumental in shaping a better future for all.

Conference Themes

1-Sustainable development goals related topics.

Conference Themes

2- Encouraging the inclusion of underrepresented groups in science as refugee and at-risk scholars.

3-Science diplomacy, partnership and gender inclusive global scientific collaboration.

4-Leadership, Entrepreneurship, and science communication.

5-Highlighting the contribution of women in science to societal development.

6-Addressing future challenges through innovative scientific solutions.

7- Bridging gaps and building futures.

8-Originality and creativity: pioneering new ideas.

9-Contemporary and modern global topics: addressing current challenges and opportunities

Program Overview

DAY 1:

Keynote speeches, panel discussions, and networking opportunities

DAY 2:

Workshops, poster presentations, and breakout sessions, closing ceremony and collaborative planning for future initiatives.

Registration

Deadline: 01/03/2025

*18H-19TH
JUNE 2025*

Yarmouk University, Irbid, JORDAN
