

3Quence.com uses small pieces of data called cookies to help customise your user experience. Learn more about cookies and how you can control them by reading this Cookie Policy.

We may update our Cookie Policy to reflect any changes in technology or data protection legislation. Any updates or changes that may affect how we use cookies or how you as a user can manage cookies will appear on this page.

Be aware that this cookie policy has to be read in conjunction with the privacy policy which completes the cookies policy.

What is a cookie?

A cookie is a small piece of data sent by a website's server to your computer or mobile device and stored in your browser (e.g. Google Chrome, Internet Explorer, Safari...). It consists of anonymous information, including a unique user identifier. When you revisit a site or navigate between pages, this data is passed from your browser to the site's server. With this data, the website is able to 'remember' your browser, enabling it to retrieve your user preferences, to personalise your visits and to simplify any sign-in procedures.

Cookies are intended to improve your user experience by making it easier and faster to navigate through a website. For example, our website requires that you log in to gain

access. If we did not use cookies, then you would be required to enter your login details every time you navigated to a new page because the website would not be able to remember that you had already logged in.

We may also use cookies for advertising purposes. For example, certain cookies allow a website to determine if you've already seen a particular ad and therefore it may not display that ad on subsequent pages that you visit.

All of the information a cookie collects can only be retrieved by the website server that sent the cookie to your browser.

Cookies

Sections of 3Quence.com use cookies. Cookies are necessary for the website to provide certain features and functions.

For example, they allow us to provide services such as service offers; without cookies, you would not be able to save items in your shopping basket and you would be required to log in every time you visited a new page. They can also remember things such as your preferences (language, country, etc.) whilst browsing and for future visits.

Other cookies are performance related. They are set by 3Quence.com and third parties such as Google Analytics. Performance cookies allow us to collect statistical information about our visitors, such as whether they have visited the site before and the pages they view. The

Cookie Policy

information collected by those kinds of cookies enables us to improve the website thanks to estimates regarding usage figures and patterns. We can also adapt the website to users' personal interests and speed up the search process, etc. The information collected by cookies also enables us to improve the website thanks to estimates regarding usage figures and patterns. We can also adapt the website to users' personal interests and speed up the search process, etc. This information is gathered anonymously - it does NOT enable us to identify who you are. We use these cookies to determine the kind of content and services our visitors value most, which in turn helps us improve our website and its content.

Advertising cookies are also set on 3Quence.com. These cookies are used to limit the number of times you see an advertisement and to help measure the effectiveness of an advertising campaign.

Some of the cookies set on our website are served by third parties and not directly related to 3Quence.com or our partners. For example, occasionally you may find a page on 3Quence.com that includes a video embedded from YouTube. Service providers such as YouTube set their own cookies on your web browser. We do not control which cookies are set by third parties or how the cookie information is used - a cookie can only be accessed by the party who set it. For more information on these cookies, please visit the third-party website.

Controlling cookies

Cookies are meant to improve the user experience, but some users prefer to set restrictions on the types of cookies that can be stored on their computer or mobile phone. It is possible for you to withdraw your consent about cookies at all times. It is important to note that you will lose some functions of a website if you choose to restrict or disable its cookies.

By modifying your browser preferences, and taking into account the limitations that it can generate, you have the choice to accept all cookies, to be notified when a cookie is set or to reject all cookies. You may restrict, block or delete the cookies on this website at any time by modifying your browser configuration in accordance with the instructions given. Although each browser is parameterized differently, cookie configuration is normally located on the “Preferences” or “Tools” menu. For more info on browser cookie settings, go to the “Help” menu on your browser
