The monthly e-magazine of Amigos de los Coches Clasicos

Our cover picture this month takes us to pre-war days remembered at a classic car show at Walton-on-the-Naze in Essex (see page 4 for more pictures). The car is an 1934 Austin Ripley 10hp and is fitted with a 1200cc side valve engine. Thanks to John Cooper for information about the car.

## Editorial

Well, things are well advanced as we move ever closer to our third Club Car Show at the La Alfoquia Community Fair and Show.

As I write this we have 20 cars to be displayed and many members are going to take up the challenge of dressing in costume suited to their vehicle.

We are always trying to come up with new things to do and this is certainly one them, so come on, take the plunge and rummage in the wardrobe or you will feel left out!

New events and ideas for runs are always welcome, especially as we begin work on next year's Event Calendar.

So, if you have yet to try your hand at organising a run, or something smaller, like a Social Lunch, why not give it a try? Please get in touch with Chas Longhurst who will welcome your contribution. Committee members and 'old hands' will be pleased to offer advice and support. Don't forget the 'Run Library' which is packed with details of previous events, from which you may wish to choose.

2017 is not far away!

Paul

## NEWS AND VIEWS

### Colin Neal 1926 -2016

On the 14<sup>th</sup> August 2016 one of the most talented of post war car designers died at his home in Northville, USA.

Amongst many significant projects he was particularly noted for the Ford Consul Classic and Capri designed while he was Chief Stylist with Ford of Dagenham.

An interesting article can be found on the Ford Classic and Capri Owners Club website: <http://www.fccoc.org.uk/colin-neale-1926-2016/>

### Another name disappears

A familiar name 'Kenlowe' has, apparently ceased manufacture of cooling fans for classic cars. Revotec is an alternative supplier.

### And another name goes

Most of us will know the flexible body sealer 'DumDum'. Great stuff this or it was, as I've only just found out that it's unavailable. I'm sure there are alternatives, but I will use my remaining supplies sparingly!

## MONTHLY CLUB MEETING

This month we found ourselves relegated to the front room at Hotel Overa, as the large events room at the rear was booked.

Still, 27 members packed into the room for one of our usual noisy, buzzy meetings.

Following the routine formal club business reports, Barry Dennis presented prizes for September's *Classic Chat* competitions: Chas received one of Barry's excellent table lamps, with the shade decorated with vehicles logos, for sending in the correct solutions to the *Super Six Quiz*, while Peter Underdown was presented with a 'runner up' prize for his solutions, but not necessarily for the questions in this quiz!

Peter and Karen Underdown also scooped the prize for 'Guess the Car'. Well done all.

Paul Gough's *Product Review* talk this month looked at a battery conditioner made by Draper. This low rate battery charger can remain connected indefinitely, so maintaining battery charge, and is available through EBay.

Paul then went on to speak about the arrangements for the club car show at La Alfoquia, followed by Chas who outlined the events for 2017 already planned.

Barry Dennis, at short notice, stepped in with one of his unique quizzes (how does he dream them up?) which caused puzzlement and amusement in equal measure! Thanks Barry.

So, another enjoyable afternoon spent amongst friends. Thanks to everyone for coming along.

See you next month.

## OUT AND ABOUT

In September I found myself in the UK unexpectedly and stumbled upon a car show at Walton on the Naze in Essex. Although a small rural event there were a number of seldom seen classics, including a several pre-war models.

This 1935 Wolseley Police car (left) was accompanied by its owner, dressed a period suit, complete with pipe and trilby. He was interesting to talk with, as he explained he lives in a 1930s house furnished in the period and survives without a tv, computer and mobile phone. The car is used every day.

A rare 1962 Anglia Estate (left)

A Bedford CA with a Dormobile conversion, very original and used for holidays

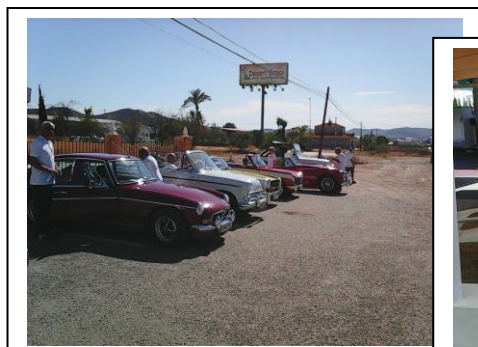

Last weekend saw the start of La Cinta's fiesta, kicked off by a classic car 'cencentracion' organised by Club Pedro Trujillo. If it wasn't for Sean and Doreen, who by chance found out about it, the show would have remained a well kept secret. From us anyway!

The standard of presentation was high and it was a good turn out by the club. Many may 'sniff' at the SEATS and other familiar classics on show; but do you know what? It doesn't matter. We have a group of classic car enthusiasts enjoying their hobby and running practical classics, which are within their financial means. Good for them!

## WHAT WE'VE BEEN UP TO

Thursday, 22<sup>nd</sup> September saw us enjoy our third visit to the Monestery of the Virgin of Saliente. Good weather rewarded 19 members and seven classics for an enjoyable run and good meal in the hotel restaurant. We toasted seven members who, for various reasons, were unable to join us for the day out, so hopefully the pictures will make up for it alittle.
