

I DON'T LOVE YOU ANYMORE

I'll start admit it to myself
So that I can say it loud to you
you see I only want you well
but there's nothing good in what I do

You know I sometimes wish you found someone new
So you would leave, and I could blame it on you

I love who you are
I love what you do
I love how you are never far
when I need you to
But I don't love you anymore

I've tried my best to change my mind
But I'm always left with wanting more
I'm scared that I will never find
something as good as what we were before
